Mrs. W. E. Matthews left last Sunday on a visit to relatives in Eatonton and Marietta.

Those of our citizens who took stock in the telephone line from Dahlonega to Gainesville have no cause to regret it as the business is increasing all the time, being much better than was expected at so early a period after its completion.

At the box supper given by the ladies at the court house recently to be used for the benefit of the new Presbyterian church, \$87 were taken in, for which the ladies request us to return their thanks through the columns of the NUGGET to the citizens of Dahlonega for their very liberal and kind assistance.

W. E. Matthews severed his connection with the Hall Mdse Co. last Saturday where he has been bookkeeping for some months in order to work for himself in the drug business, and hereafter will be found at the old Cartledge stand ready to fill prescriptions at any hour or to sell you any thing you may desire in his line.

Occasionally there turns up a big hearted man who announces that he prefers to pay a little more for home articles than to send abroad for the same thing. Yet how many are there who send their money away because they can get what they want cheaper. The theory and practice are both wrong. First the money thus spent is taken out of home circulation, second, it is a contribution to build up the success of a man who has no interest in his customer; third, it is an injury to home enterprise as well as all ingratitude; the man who makes his money in a community should be willing to spend it there. All branches of business should be co-operative, it is the life blood of all business. The man who believes in home patronage, and practices what he preaches, is a good citizen, a progressive business man, and in confidence of his fellowman.—Ex.

There was a certain old gentleman in Dahlonega from Union county the other day who never wore any kind of store goods in his life. Everything is made at home, not only for himself but his family. It is useless to add that his is a prosperous and happy household.

The Atlanta Journal in discussing the gold question last week made the following correct assertion: The fact that Georgia is very rich in gold is beginning to be appreciated by persons who are able and willing to aid in the development of this hidden wealth. Within the last two months several gold mining companies have been organized in this state with large capital, and the determination to begin operations on a large scale as soon as possible. These companies are made up of business men who mean business. There are about twenty-five gold mines now in operation in Georgia, and before the end of this year there will be a marked increase in the number and the output of Georgia's gold mines. For several years before gold was discovered in California Georgia had been the leading state in gold production. The rush to California caused the abandonment of gold properties in this state which may be made very profitable by newly discovered processes of ore treatment. Some of these properties are now in the hands of parties who will develop them, and doubtless will profit largely by doing so. There have recently been many valuable gold discoveries in this state, and it is now established beyond question in many counties of Georgia there are gold deposits that will reward intelligent efforts at development very handsomely.

In almost every neighborhood there is someone whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever opportunity offers, hoping that it may be the means of saving other lives. For sale by The F. W. Hall Mdse Co.

THE NUGGET.

DAHLONEGA, APRIL 6, 1900.

Entered at the Dahlonega, Ga. P. O. as Second Class Matter.

New Railroad to Dahlonega.

Last Saturday's Constitution contained the following article in reference to a new railroad to Dahlonega:

"A charter will be applied for to-day at the office of secretary of state for the Atlanta, Stone Mountain and Dahlonega railroad, a line which the incorporators of the company propose to run from this city to Stone Mountain, passing by the granite quarries at Lithonia and running thence through the gold counties of the state, terminating at Dahlonega. Prominent among the incorporators are some of the leading business men of Stone Mountain and this city, and one of those chiefly interested is W. H. Venable, of Atlanta.

The object of the company is to open up to rapid transportation a section rich in granite and gold, and which is isolated to a great extent at the present time. By opening up the country and obtaining fair freight rates, the projectors of the mining interests around Stone Mountain and Dahlonega believe that a market will be obtained for the mineral products in the coast cities that will build up and at the same time advertise the mineral interests of Georgia.

The proposed line will infringe on no other charter that has been granted, it is understood, and obtaining their charter the incorporators say that they propose to begin the work of construction at the earliest possible moment."

Sundays Constitution contained the following additional editorial: "The proposed building of the Atlanta, Stone Mountain and Dahlonega railroad is in answer to one of the greatest industrial demands existing in the state.

Just now this large section of Georgia, which is practically without means of communication is attracting the attention of the world. It was the first point of enterprise in the state, and until attention was drawn away from it by the California discoveries, promised the greatest results. Since that time this section has been sadly neglected. Somehow or other, railroad managers have steered clear of it, and capital seeking investment has not been awake to the returns which awaited it in that section. In the meantime a steady and industrious farming population has been built up, and now immense syndicates have been formed to exploit its mineral resources.

No better time could have been selected in which launch a railroad enterprise, having for its object the opening up of this territory. Between Atlanta and Dahlonega there should be the closest trade relations; so indeed, that it would be money made if Atlanta would foot the entire bill of building the road. This however, will not be necessary. The people along the entire proposed line, as well as the counties which will be traversed by it, stand ready to give a helping hand. Every county in northeast Georgia should be reached by railroad communication, the result of which would be an enormous advance in property values and the development in industrial lines not equalled even by boom times."

Epworth League.

On last Sunday afternoon at the Methodist church a chapter of the Epworth League was organized with 48 members. The following are the officers elected:

President, Prof. Wilber Colvin. 1st Vice Pres., R. C. Meaders. 2nd Vice Pres., Mrs. B. P. Gailard. 3rd Vice Pres., Mrs. Wilber Colvin. Secretary, Prof. J. M. Martin. Treasurer, Miss Maggie Crismon.

The devotional services will be held every Sunday evening at 7 o'clock at the church before the evening preaching service.

Field Day.

Last Monday was observed as Field Day by the students of the N. G. A. College, and a series of very interesting games and contests was had on the college drill field. Quite a number of the town people manifested their interest by attending, including a good many ladies.

Prof. E. B. Vickery, Prof. B. C. Ansted and Mr. R. C. Meaders served as judges.

The contests, the winners, the prizes, the records, and the donors of the prizes were as follows:

Standing broad jump. W. J. McKee, 8 feet 11 inches; S. C. Edmondson, 8 feet 9 inches. First prize, best straw hat, W. L. Henley; Second prize, collar button, T. F. Jackson.

One hundred yards dash. First, R. L. Sosbee; Second, S. C. Edmondson. Time 11 1/2 seconds. First prize, book "With Wolf in Canada", J. H. McKee; Second prize, by Prof. Palmour.

Standing high jump. B. J. Jeffries, 4 feet 1/2 inch; R. L. Sosbee, second. First prize, G. H. McGuire; Second prize, book, Prof. Boyd.

Pole vault for height. Rodman Mitchell, 7 feet 6 1/2 inches; H. B. McKee, second. First prize, best pair suspenders, Anderson & Sons; Second. First prize, book, "House of Seven Gables", Prof. Vickery.

Running hop-step-jump. R. L. Sosbee, 39 feet 7 1/2 inches; L. P. Sosbee, second. First prize, fine cake, Prof. and Mrs. Colvin; Second prize, bottle of cologne, H. D. Gurley.

Sack race 100 yards. F. C. Powell, first; W. J. McKee, second. Time 30 seconds. First prize, best four in hand tie, W. H. Jones; Second prize, 25 cents in whatever want, Dr. Jones.

Tug of war between Companies A and B. Company A won. First prize, leather bound copy of tactics, Major W. M. Smith. Ladies pistol shooting by lady students of the College. Miss Cora Whelchel 14 points out of a possible 20; Miss Marie Gailard hit the bull's eye her first shot and was the only one to hit it but failed to score on the other shots. First prize, a gold nugget pin, J. F. West; Second prize, by R. C. Meaders.

Running broad jump. R. L. Sosbee, 17 feet 4 1/2 inches. S. C. Edmondson, 16 feet 11 1/2 inches. First prize, stad button, J. F. Moore; Second prize, best neck tie, G. McGuire.

Standing hop-step jump. S. C. Edmondson, 27 feet 14 inches; J. L. Cooley, 26 feet 6 1/2 inches. First prize, choice of knives, by "a friend"; Second prize, box of stationery, E. S. Copeland.

Pole vault for distance. A. P. Bell, 18 feet 8 inches; S. C. Edmondson, 18 feet 3 inches. First prize, a scarf pin, Prof. Ansted; Second prize, a scarf pin, Prof. Gailard.

Running high jump. R. L. Sosbee, 4 feet 3 1/2 inches; B. J. Jeffries, 4 feet 1/2 inch. First prize, book, "Pilgrims Progress", Mrs. B. R. Meaders; Second prize link button, Col. J. H. Moore.

Three standing long jumps. A. P. Bell, 29 feet 2 1/2 inches; S. C. Edmondson, 25 feet 8 1/2 inches. Mr. Edmondson in a subsequent trial for record cleared 28 feet 11 inches. First prize, choice of ties in store, F. L. Reese; Second prize, set of stud buttons, J. M. Brooksher.

Catching greased pig. H. L. Palmer safely gripped the porker. Prize, the pig.

Five mile relay race. This race was participated in by college classes. The Sophomore, Freshman and Sub-freshman classes A and B participated. The race was over the public road starting five miles in the country. A man of each class carried a ticket to another man of his class at the next milestone, and he to the next and so on to the Court House. A class won, with Sophomore second. Time 48 1/2 minutes. The runners of the winning class were first mile, B. J. Jeffries, second, Osie Evers, etc., third, J. T. Whelchel, fourth, W. F. Chamlee, fifth, E. C. Townsend. First prize, a banner, Prof. Stewart.

The political pot is beginning to get pretty hot in Georgia.

More than twenty-five counties have already called their primaries for May the 15th.

J. C. Hill, of Gainesville, shipped a car load containing 4,000 chickens to Cuba last week.

We make a specialty of fine stationery and toilet articles and perfumery. THE GURLEY DRUG CO.

The Mayor of Gainesville charges blind fairs \$25 and cost when found operating in Gainesville or 90 days on the streets.

"Tallow" Dick Combs, a negro, has been arrested charged with firing the fatal shot that killed Governor Goblen in Kentucky.

The Georgia State Baptist Convention held at Griffin last week was one of the most interesting sessions ever held by that denomination.

The Cleveland Courier has nominated the name of J. M. Brooksher of Dahlonega, as a suitable candidate to represent this district in the next session of the Georgia Senate.

State Treasurer Speer says that the decision of the attorney general relative to the use of a certain state fund of \$175,000, does not open the way for the earlier payment of the teachers. Governor Candler says that it does.

If any democrat or those wishing to join the order will promise to be a faithful member and agree to stick to the party through sickness and distress, can take a hand in the primary on the 15th of May provided they register by the 5th of that month.

Under a recent improvement persons holding a U. S. money order does not have to wait for "advices" to be received but can go and get their money at any time and at any office provided proper identification is made, matters not on what office the order is drawn.

In an eloquent sermon at Griffin Baptist convention, Hon. J. C. C. Black told the Baptist preachers that they had no time to talk politics or secular matters from the pulpit, but that at best their time was limited to call the people to repentance and the acceptance of the gospel of Christ.

FAST FREIGHT LINE.

Gainesville, Jefferson & Southern R. R.

The direct route to the North Georgia gold fields. Up town delivery at Gainesville. Special facilities for handling and loading machinery. Freight handled with promptness and despatch. Route shipments from the North and East over Georgia Railroad, Augusta. Route shipments from the West over Georgia Railroad, Atlanta. Your business solicited. Satisfaction given. Differences promptly adjusted. Try us, SAM C. DUNLAP, Gainesville, Ga.

To Contractors.

Sealed bids will be received by the undersigned at Porter, Springs, Ga., until Tuesday, the 17th inst., for the building of a house in Dahlonega 16x28, with an oil 12x16-4 foot hall in main building. No ceiling except over head in the hall and in the two rooms. Two porches—front one 6x24 feet with lip roof. Rear porch 6x16 with one lip. Building to contain 10 windows and five doors frames to be made by contractor. A common stair way is to be built leading to the attic. We furnish all lumber and posts for pillars. SMITH BROS.

J. E. TATE.

SCOTT'S EMULSION

is a food medicine for the baby that is thin and not well nourished and for the mother whose milk does not nourish the baby.

It is equally good for the boy or girl who is thin and pale and not well nourished by their food; also for the anemic or consumptive adult that is losing flesh and strength.

In fact, for all conditions of wasting, it is the food medicine that will nourish and build up the body and give new life and energy when all other means fail.

Should be taken in summer as well as winter.

50c. and \$1.00. all druggists. SCOTT & BOWNE, Chemists, New York.

GEORGIA—Lumpkin County. By virtue of an order of the Court of Obedience of said county, will be sold, at public outcry, on the first Tuesday in May 1900, at the Court house in said county, between the legal hours of sale, to the highest bidder, the following real estate situated in the county of Lumpkin, State of Georgia, to-wit: Lots of land Nos. (38) thirty six, (37) thirty seven, (110) one hundred and ten, (111) one hundred and eleven, (78) one hundred and seventy eight, the west half of said lot and bounded on the east and south by the original lot lines and on the north by the lands of David S. Jarard. Each of said lots containing forty acres more or less. Terms cash. This April 3rd 1900. DAVID N. JARARD, Executor of last will of David N. Jarard.

SHERIFF'S SALES.

Will be sold, on the first Tuesday in May next, at public out-cry, at the court house in said county, within the legal hours of sale, to the highest bidder for cash, the following property to-wit: Lot of land No. 1016, and 1-4th of 1017, both in the 11th district and 1st section of Lumpkin county, Georgia. Levied on as the property of J. L. Heelan to satisfy a debt of \$1,000.00 owed to the Justices Court of the 122nd District, G. M., in favor of D. L. Mauldin vs. J. L. Heelan, principal, and G. B. Gailard, security. Levy made and returned to me by W. T. Ward, L. C. This April 4, 1900. J. L. DAVIS, Sheriff.

SALE OF COUNTY PROPERTY.

GEORGIA—Lumpkin County. Will be sold before the court house door in the city of Dahlonega, Lumpkin County, Ga., within the legal hours of sale for cash, on the first Tuesday in May 1900 the following property to-wit: Town lot in the city of Dahlonega, said county, numbered one hundred and twenty-eight (128) according to the original survey of said city and being part of land lot numbered nine hundred and fifty (950) in the 12th district and 1st section of said county of Lumpkin containing one fourth of an acre more or less. Said property is owned by said Lumpkin county and the same will be sold by virtue of an order passed by the Ordinary of said county on the 16th day of March 1900. Under the terms of said order Stephen Rice, W. H. McKee and Wm. J. Worley were appointed Commissioners to make titles to said property and they will execute said purchases to said property. This April 4th 1900. STEPHEN RICE, W. H. McKEE, Wm. J. WORLEY, Commissioners.

ADMINISTRATOR'S SALE.

Younans & Demmond, Auctioneers. Under and by virtue of an order of the court of Ordinary of Chatham County, I will sell at public outcry between the legal hours of sale on the first Tuesday (being the first day) of May, 1900, before the court house door of Chatham county, Wild Land Lot No. 31, 11th District, 1st Section, Cherokee county, now Union Counties, containing 40 acres, more or less. Sold as the property of Estate of L. N. Falligan for payment of debts and distribution. Terms cash. Purchaser paying for titles. JOHN S. SCHLY, Administrator of Estate of L. N. Falligan.

MINERAL PROPERTY FOR SALE.

I have in my hands for sale several first class Gold Mining Properties. Correspondence solicited.

THE NUGGET.

DAHLONEGA, GA., APRIL 6 1900.

At Smith Bros., Porter Springs, you can get 25 cents for hens and 15 cents for large size fries.

Tobacco dealers will bear in mind that they can't sell smoking tobacco after the 20th inst., and throw in a book of cigarette paper or offer any kind of a premium on any kind of tobacco or cigarettes.

The commissioners of the Dahlonega district have been getting after road defaulters with a sharp stick recently. Several were fined \$1 a day for each one they refused to work, with all costs, which will cause less trouble in the future.

You can get the Atlanta Constitution—Daily and Sunday editions complete to new subscribers from the date the order reaches that office until July 7th, for only \$1.00. Now is a good time to subscribe so as to keep posted about the different national political conventions which convene between now and then.

An ordinance was introduced at last Monday night's council meeting to require owners in Dahlonega to keep up their cows at night after the 8th of May, which will likely become a law at the next meeting of that body. This will force those owning the ones that stay in the calaboose to provide another home for them.

Last Sunday was all fools day which was enjoyed very much by all taking a part in the pleasures of the day. One woman, who is old enough to wear specks, dressed up and went out thinking she would make a "mash" on some of the men but none of them would notice her and the result was she fooled herself. This is sad indeed but such is life.

As stated some time ago only one dollar was paid into the treasury last year for dog tax while Mr. Blackwell was marshal of Dahlonega, which caused an investigating committee to be appointed. They went to work and at the meeting Monday night reported that \$9.50 had already been found collected and not paid in. Further time was granted the committee.

A petition was filed by W. S. Huff last Monday night asking the council to grant Drs. Jones, Cravens and J. T. Miller the right to run their proposed telephone line from Gainesville into Dahlonega, which will be acted upon at the next regular meeting. The Consolidated Co. was granted the privilege of putting up electric lights wherever desired within the corporate limits of Dahlonega.

John Myers, a young negro who got drunk the other night, skipped out the other day to keep from paying a fine. Marshal Anderson went down to Gainesville thinking that he had gone down there but the negro was on behind and he missed him. U. S. Marshal Grizzle, who was returning from Gainesville, was requested to arrest him if he met him, which he did, but the negro told the officer that he had paid the mayor his fine before he left and was allowed to go on.

If what we learn is correct, Yahoola district is one sensation a head of Dahlonega, which occurred on Thursday of last week, giving all the old spectacle women in that neighborhood something to chat about, and had the interested one espied the man while he was armed Lumpkin county's population would have doubtless been one less to day. The armed man didn't pin a sunflower on his bosom and start out with a gun in one hand loaded with mustard seed and a rattle box in the other, notifying them that he was coming, but picked up his old well loaded mountain rifle and crept cautiously through the woods as if in search of a wild cat. There is no telling what the final result will be.

Lumpkin county finance committee meets next Thursday.

John Worley got one of his eyes badly hurt with a gun Wednesday.

You will always find at The Gurley Drug Co. the best 5 and 10 cent cigars.

Dahlonega begins to look city like now sure enough, by having two peanut stands on the streets.

Mr. Adams, president of the Dahlonega C. G. M. Co., says that as soon as they get their mill in running order the railroad will be given attention.

Last Sunday Cicero Jarrard and Miss Mary Cain of Porter Springs were united in the holy bonds of matrimony. Rev. W. G. Spencer performed the marriage ceremony.

Dahlonega is now inhabited by all sorts and kinds of people. There is a negro here who says that he was caught in Africa and brought to this country by Forpaugh's show.

Uncle John Simmons, of Two Run, has sold his town property in Dahlonega, occupied by Benj. Anderson and G. H. McGuire, to Bartow Parks, of Hall county, who expects to move here and go into business.

You will find a fine lot of mountain Irish potatoes at G. McGuire's. The cut price is 80 cents per bushel. Good country hams cut price 10 cts. Everything else in proportion. Also one 7 room house and lot for sale.

We feel confident that it will not be but a few more months before a great iron horse will move into Dahlonega. This matter has been talked of for years but the necessary money couldn't be secured, but now it is in the hands of men having plenty of money who talk little and work much.

We will sell for the next 15 days providing there is no change of price in market the following goods: Celestial flour 1st patent \$5.20 per barrel. Rose Bud, \$4.40 per barrel. Standard Granulated Sugar 15 lbs. for \$1.00. Good green coffee 8 lbs. for \$1.00. Full 10 oz. Churches soda 5c per pack at Frank L. Reese's.

Another citizen of Yahoola district has passed away since our last issue, being Mrs. Barney Jarrard, who expired the latter part of last week. Several other persons are down with fever in that section, Mr. Jarrard being one of the number, whose father died just about a week previous to his wife's death, causing the situation to be a very sad one indeed.

M. A. Sperlin has opened up a peanut stand in front of the old Wimpy store house where he will keep fruits, nuts, candy, etc., who asks a liberal share of the patronage of the citizens of Dahlonega. Mr. Sperlin is a mechanic but had to cease work on account of his eyesight failing. He has a wife and four children to support. Thus any patronage given him will be most thankfully received.

Mr. and Mrs. F. S. Packard, of Sturges, Mich., visited Dahlonega last Friday and while here went down and inspected the Consolidated Company's big plant, accompanied by their daughter and grand son. Mr. Packard has been here himself for several months opening up his property known as Turkey Hill, and the sight of the yellow metal in the many veins he has discovered there excite all who visit the place, matters not how much mining they have seen.

Saturday night the Decora Society gave an open debate at the college. C. L. Harris was president and W. T. Edwards secretary. M. P. Monroe and P. J. Horton delivered splendid declamations. The subject "Resolved, That the study of the dead languages should be abandoned in our literary institutions" was ably debated on the affirmative by H. L. Palmer and L. P. Sosebee and on the negative by F. C. Stamey and C. E. Martin. The president rendered his decision in favor of the affirmative.

As a leader, 3 bars Buttermilk soap for 5c at The Gurley Drug Co.

A. J. Ash, of Chestate district, is said to have the finest wheat in the county.

It is reported now that quite likely one northern gentleman will run the new hotel, Hall House and Hall's Villa in Dahlonega.

Jerry Black, who came down from the foot of the Blue Ridge last Saturday said that it snowed up there in the morning before he left.

Dr. Baily, of Gainesville, was up the other day a short while who had been summoned to the bedside of a little sick son of Prof. Stewart.

Our prescription department is in charge of a competent pharmacist. Special attention given on this line.

THE GURLEY DRUG CO.

You will take notice by an ad. elsewhere that the old Public Spring property, lying below the rock wall on college street, is to be sold by Judge Tate next month.

Mrs. Strickland has just returned from Atlanta where she went to select a new lot of millinery goods. Go and see them. They can't be surpassed in cheapness nor beauty.

Mrs. Norris, nee Miss Corrie Stow, who has been in Dahlonega for some time will soon depart and join her husband who has accepted a government position in Washington City.

Tax Collector Sargent was around last Saturday in search of cigarette and pistol dealers in order to collect the special tax so as to send the money off with his first quarterly report.

It seems that our city marshal has to be very modest under the new charter of Dahlonega. He caught some hogs running at large and advertised them as "one large 'frizzle' back female hog and four female shoats for sale."

Mr. Fry has moved into his new residence this week. Mr. DuPree will occupy the residence he occupied and Capt. F. W. Hall will take up quarters where Mr. DuPree lived until he can build a new up to date residence just below on the same lot.

The time for paying dog tax, fixed by the city council expired last Saturday, but we do not know whether the time will be extended for defaulters or not. Several dollars have been paid in which is a better showing than last year, as there was only one dollar reported paid in cash.

We regret that Rev. D. M. Edwards, the former pastor of the Dahlonega M. E. Church, had to return to the Grady Hospital in Atlanta with his little afflicted son Paul. He has tried many doctors and none seem able to be able to relieve his little boy only for a short while.

Farmers are putting in good time at work every day now that the weather is fit. Some of them find hands hard to get on account of so many coming to town to work in the mines, and those that prefer farm work are charging more for their labor now than usual.

Joe Baker, who runs the negro barber shop, was found down on his stomach on the front porch of his shop the other night by Marshal Anderson, hatless and shoeless, somewhat resembling the actions of a soft shell turtle crawling in the sand. He was caused to go before Mayor Price who decided that this kind of a drunk was worth \$5.00.

Mrs. Chapman, the wife of Dr. B. F. Chapman, deceased, died last Monday morning of pneumonia while on a visit to one of her daughters, Mrs. Maud Taylor, in Forsyth county, and her remains were brought to Dahlonega and placed by the side of her husband Tuesday afternoon in Mt. Hope cemetery, after funeral services by Rev. W. H. Parks. Mrs. Chapman had been a member of the Baptist church for many years—was a good christian lady and no doubt has gone to rest.

Mayor Price is fixing to get up a city code for Dahlonega.

R. C. Wood, after wintering in Florida returned to Dahlonega last Tuesday.

Some of the chemical dealer agents have got scared up and quit selling the stuff.

J. S. Nowkirk & Co. have added a beef market to their business. Give them a call.

The services of the night watchman for Dahlonega have been retained for another month.

T. S. Littlefield is making his place shine over at Grace by the use of the painters brush.

Tax Receiver Stargel commenced his first round next Monday by beginning at Crumby's district.

Matthews Headache powders, a positive cure for headache and neuralgia at The Gurley Drug Co.

W. J. Burt, of Burtisboro, came in last Saturday and sold his lot and house in Dahlonega to J. H. McKee.

Messrs. Smith and Hunter have been awarded the contract of building the new Baptist church tower.

The grip held merchant McGee down several days last week causing his store to be closed a number of days.

Persons desiring announcements inserted in the Nugget must remember that our terms are cash in advance.

There is an ordinance in Dahlonega against drunkenness, which is not enforced every time and should be repealed for a while so as to save embarrassment.

A colored woman by the name of Palmour, died in Dahlonega last Sunday, making the third one of the family that have died here since last August.

A Mr. Healand, of Cartersville, was here last week looking around. He may return and rent the Strickland house and open out a hotel and restaurant.

All kinds of pretty spring goods to be found at J. F. Moore's. All you have to do is to go and ask for what you want. You will get it and the prices will be sure to suit you.

John Loggins was tried Wednesday on a warrant sworn out by F. V. Moose charging him with hitting his son Charlie one night some time ago with a rock, and acquitted.

A few weeks ago eighteen new chairs were stolen from the court house belonging to the county. Judge Tate says that he would be glad if the thief would let him have them to use during court.

The next grand jury should recommend the building of a bridge across the Chestate river at Neisler's Ford. The people over there are your neighbors. They helped to build you a bridge. Now help them. It would be nothing but justice.

Dahlonega will soon be connected by bone with New York. Just think about it. They are now putting up the posts and stringing the wire from Gainesville to Atlanta which will be completed by the first of June, then we can talk with New York.

The city council at its last meeting ordered the peanut stand on Meaders & Sons porch be torn away this week. We understand that they refuse to do it. Other parties have been allowed to build brick walls and other obstructions in their porches on the public square and this is the result.

The report made by the treasurer of the council shows the amount received and paid out for the first three months as follows: Dog tax collected \$18. Street tax in cash \$107. Fines and costs \$105. Total \$230. Total amount paid out \$505. If they continue to pay out much longer more than they receive it won't take long for the treasury to get in an unhealthy condition and need some treatment.

Mining Notes.

Work with the Birch boat is still moving along with good results.

Dr. Cravens has a large force of hands at work down at the Briar Patch getting things in tip top shape.

At the clean up at the Calhoun mine the other day quite a fine lot of nuggets were found, some of them weighing eight dwts.

The rich gold vein down at the Singleton is worth looking at. Every day they blast out ore containing perfect streaks of gold.

C. W. Freeman, of St. Louis, President of The Dahlonega Gold Mining and Milling Co., has been here this week looking after his interests.

Mr. F. S. Packard, of Sturges, Mich., who has been in Lumpkin county for several months, has recently become interested in a mine in Union county which is 20 per cent lead.

The cave at the Crescent mine will soon be out and the mill in operation again. The ore is improving and a good clean up will be made as the plates look pleasing to the miners eyes.

Will the new process of mining adopted by the Consolidated Co. pay here? is often asked. Why not? It saves 95 per cent of the gold besides labor is cheap and work can be carried on both winter and summer, and last but not least, there is plenty of ore here to work.

Work continues to move along down at the Hand as fast as labor can perform it and the day is not far distant when the gigantic machinery at this plant will begin to move. The electricians have been engaged for several days getting everything ready so the plant can be lit up, and from there to the city as soon as the water is ready to be turned on.

They are down on the veins in two shafts at the Big Joe, about 90 feet, being the deepest they can go until new machinery is secured. The ore is splendid. Mr. Harris, the superintendent, informed us last Saturday that they had opened up a vein on the property at another place, for half a mile in length which is good in the middle and at both ends.

The Standard Mining Co., although they have not received their charter yet, are moving right along with work. Some of the new batteries for the Mary Henry mill have already been received and a large place is being cleaned off at the Tahloneka property for the purpose of starting a big shaft. The mill site at the Singleton has already been surveyed off for the purpose of enlarging the mill.

Bill Bryson, of Auraria, was up to Dahlonega last Saturday for the first time in three weeks. He has been engaged in prospecting various properties and says that he got some fine shows. He resides near Turkey Hill and says that they have also been prospecting over there for some time and find that the veins grow richer as they go down on them. We feel more confident every day that deep mining will pay well in this country.

The nicest thing we have seen lately in the way of gold ore was shown us last Tuesday by Capt. W. J. Worley which was discovered last Monday on Turkey Hill property four miles south of Dahlonega by Jacob Loggins. There were several pieces of the ore and the gold was so thick on it that it was almost impossible to put the head of a pin on either one without striking gold. The pay ore is about 15 inches broad. Another recent discovery is from four to six feet large worth from ten to fifteen dollars per ton. The property is now in the hands of Capt. W. J. Worley.

The Jarrard shoals up on the Chestate river were purchased this week by either the Consolidated or Standard Co. which will furnish splendid water power. They are above the Seabolt shoals two miles on the same stream. The latter water power was recently

purchased by the Crown Mountain Gold Mining Co. So the Chestate river will furnish much of the power for these big mining companies. Not only this but it will cause many mines to be opened up on the line that could not be done heretofore for the lack of necessary water, enabling interested parties to show that we have one of the best mining sections in the Union.

A great amount of machinery has passed through the city during the past week consigned to the Consolidated Gold Mining Co. at Dahlonega. The Gainesville Iron Works have just completed a steel floor for a portion of the chlorinating plant. This plant will be completed in a very short while and when it is put into operation we may expect gold mining in this section to be revolutionized. This company is spending a large amount of money putting in all the latest improved machinery and building the chlorination plant, for they have some very rich mines to work. It is believed by all mining men that the operation of these mines will have much to do with the development of the entire mineral section.—Gainesville Eagle.

Last Saturday detective Coffey discovered Ben Swain in the edge of town with two jugs containing about four gallons of liquor. He was not selling at the time but was carrying the liquor from Cinda Holts, where he had placed it away for safe keeping quite likely until he found a purchaser. Be it as it may both Ben and his liquor were brought to town and his trial was set for 7 o'clock that night. The liquor was placed in the council room while Ben was allowed to go where he pleased until the hour for the trial. The news spread like wild fire and by night requests were sent in by editors, miners and everybody else who thought there might be a chance of getting some of the mines liquor without having to pay for it. Of course all couldn't be served. By 7 o'clock the detective had gone by whom he expected to prove had bought liquor from Ben on another occasion. Upon the arrival of Mayor Price at the request of Swain the room was cleared of spectators and the door closed when the defendant entered a plea of guilt and his fine and arrest were fixed amounting to \$7. As the mayor was leaving the defendant enquired about his liquor. Col. Price told him that it was his and would be turned over to him, that they had no right to confiscate his liquor, it being only brought there to be used in evidence. Whether it was turned over to the owner or not we cannot say. The members of the council are led to believe that it was and some of them also believe that he sold it out here on Sunday morning that they hadn't given it to him. Others told us that they drank from a jug in the council room both Saturday night and Sunday morning. It is said that they didn't take time to undress the jug but cut a hole in the sack so as to enable them to get their lips to its mouth more rapid. There is one thing we do know, something had a telling effect on some of them Saturday night and most all day Sunday. This seizure of liquor Saturday has created so much talk that the marshal has been instructed to hereafter turn the liquor over to such defendants and instruct them to leave town with it else they will be rearrested and bound over to the Superior Court.

One of the members of the temperance society while endeavoring to get up a club for a temperance paper published either in Atlanta or Athens, Sunday night said the "Constitution and the papers about here would not publish any temperance news." We state that the Nugget has published the program and election of officers every time they have been presented to us until the last program which was not handed in until Thursday morning, being too late.

How to Cook Husbands.

A good many husbands are utterly spoiled by mismanagement in cooking, and so are not tender and good. Some women go about as if their husbands are bladders, and blow them up.

Others keep them constantly in hot water. Others let them freeze by their carelessness and indifference. Some keep them in a stew by irritating ways and words. Others roast them. Some keep them in a pickle at their lives. It cannot be supposed that any husband will be tender and good, mismanaged in this way; but they are really delicious when properly treated. In selecting your husband you should not be guided by the silvery appearance, as in buying mackerel, nor by the golden tint, as if you wanted salmon. Be sure and select him yourself, as tastes differ. Do not go to the market for him, as the best are always brought to the door.

It is far better to have none unless you patiently learn how to cook him. A preserving kettle of the finest porcelain is best, but if you have nothing but an earthenware plikin, it will do with care.

See that the linen in which you wrap him is nicely washed and mended with the required number of buttons and strings nicely sewed on. Tie him in the kettle by a strong silken cord, called comfort, as the one called duty is apt to be weak. They are apt to fly out of the kettle and be burned and crusty on the edges, since, like crabs and lobsters, you have to cook them while alive. Make a clear steady fire out of love, meanness and cheerfulness. Set him near this as seems to agree with him. If he sputter and fizz, do not be too anxious, some husbands do this until they are quite done. Add a little sugar in the form of what confectioners call kisses, but no vinegar pepper on any account. A little spice improves them but it must be used with judgment. Do not stick any sharp instruments into him to see if he is becoming tender. Stir him gently, watch the while lest he be too fat and close to the kettle, and so become useless. You cannot fail to know when he is done. If thus treated you will find him very digestible, agreeing nicely with you and the children, and he will keep as long as you want, unless you become careless and set him in too cold a place.—Exchange.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the system, and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

New Society Officers.

At the last meeting of the Decora Society at Dahlonga the following officers were elected:

P. J. Horton, President. E. C. Townsend, Vice Pres. D. A. Moore, Recording Sec. J. W. West, Corresponding Sec. Ole Everett, Treasurer. Paul Soschke, Critic. N. B. Maddox, Chaplain. C. C. Cole, Sergeant at Arms.

Remarkable Cure of Rheumatism. KENNA, Jackson Co., W. Va.

About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddox insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A. B. FAIBORS.

For sale by The F. W. Hall Mfg. Co.

The young people who indulge in the giddy mazes of the waltz will hear with interest that the heads of Washington and New York society have declared that "sitting out" a waltz will be more fashionable from now on than dancing. The "sitting out" embodies the same position as dancing, the only difference is that you sit instead of dance. The man's right arm is around the girl's waist, while his left hand holds her right. Her left hand is placed on his shoulder while her head rests lovingly upon his bosom and all they have to do is sit and listen to the music. Now that is something like it. We have always regarded it as quite a nuisance to have to gallop a mile or two to get a hug or two. A room full of people sitting on sofas hugging to music is more to our notion. This will give the old rheumatic brethren another good chance to waltz. Men waltz, not for the dance but for the position, and while many a man may lose his appetite for dancing he has to get powerful old before he loses his appetite for hugging a pretty girl.—Ex.

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisement in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by The F. W. Hall Mfg. Co.

The small pox has broke out in several Georgia counties. The disease seems to be more prevalent in Daily than any other county. There are quite a number of cases among the blacks of Irwin, Fulton and Chatham counties. Last week the governor was requested to send 5,000 vaccine points to Savannah.

Machinery

If You are interested in Gold Mining write to F. J. CHENEY & CO., Chicago, Illinois, for catalogue of Stamp and Huntingdon Mills.

Frug Vanners, Hoisting and other machinery. To obtain lowest prices examine the catalogues and write Fraser & Chalmers describing the machinery needed, and your inquiry will have prompt attention.

SHERIFF SALES OF WILD LANDS.

Will be sold before the court house door in the town of Dahlonga, between the legal hours of sale, on the first Tuesday in June, 1900, the following lots of land in Lumpkin county, to satisfy various f. fas. issued by J. F. Sargent, tax collector of said county, for taxes of unreturned wild lands for the years 1897, 1898 and 1899, to-wit:

15th District and 1st Section: Nos. 25, 30, 37, 42, 172, 220, 286, 341, 341, 381, 474, 231.

18th District and 1st Section north half:

Nos. 584.

12th District and 1st Section: Nos. 5, 15, 37, 107, 294, 278, 307, 341, 345, 345, 350, 337, 379, 506, 720, 893, 894, 908, 930, 1113, 1207, 1209, 1214, 1223.

11th District and 1st Section: Nos. 101, 262, 314, 320, 388, 457, 458, 505, 507, 601, 612, 619, 703, 739, 814, 850, 851, 852, 808, 1000, 1009, 1008, 1115, 1116, 1282, 1290.

5th District and 1st Section: Nos. 97, 221, 257, 452, 401, 525, 681, 851, 1053, 1056, 1130.

APPLICATION FOR CHARTER.

CLERK:—Lumpkin County.

To the Superior Court of said county:

The petition of J. W. Adams, of Chattahoochee, Tennessee, Frank G. Thomson, of Toledo, Ohio, George H. Bregman, of Toledo, Ohio, F. B. Adams, of Delaware, Ohio, J. G. Rosenthal, of Delaware, Ohio, R. C. Thomson, of Dahlonga, Georgia and H. D. Rogers, of Dahlonga, Georgia, respectfully show

1st. That they desire for themselves, their associates, successors and assigns, to be incorporated under the name and style of "Standard Gold Mining Company."

2nd. They desire to be incorporated for the term of twenty years, with the privilege of renewal at the expiration of that time.

3rd. The capital stock of the corporation is to be Five Million Dollars (\$5,000,000), divided into shares of One Dollar (\$1.00) each.

They desire the right to commence business when (ten per cent. of their capital stock shall have been subscribed and actually paid in; and they desire to receive in payment of subscriptions money, or property or other thing of value suitable for the use and business of the corporation.

4th. The object of the corporation is pecuniary gain for its stockholders, and especially—

(a) The business of mining gold, silver, copper, coal or any other metal or mineral, and quarrying marble, granite or any other stone.

(b) Conducting a general mercantile business, buying and selling to its employees and the public, goods, wares and merchandise, machinery, mining supplies and utensils.

(c) Developing water powers, generating electricity, establishing and maintaining electric plants, furnishing and selling electric light and power to municipal and private corporations, and to the public at large.

(d) Establishing and maintaining water works for the purpose of supplying municipalities and persons with water for sanitary, drinking, manufacturing, mining and other purposes.

(e) Constructing and operating a telephone line or system from its works and mines at or near Dahlonga, Georgia, to some point on the line of the Southern Railway at or near Gainesville; and constructing and maintaining such other telephone lines or systems as may be determined to be expedient.

(f) Constructing, equipping and maintaining such electric, steam or other railroad, or railroads for trunk roads as may be necessary or convenient for the use of the corporation in the prosecution of its enterprise.

(g) Manufacturing cotton, wool, timber or other material into such articles as are used in commerce and trade.

(h) Contracting for, or aiding in, the building and construction of electric, steam or other railroads, telegraph and telephone lines, mills, factories, buildings, edifices, and carrying on the general business of a contractor.

(i) Buying and selling real estate and other property with a view of making a profit for its stockholders.

(j) Carrying on the business of sawmilling and lumbering.

5th. They desire the right to promote and organize other subsidiary corporations having in view the accomplishment of the various objects above set forth, and to that end, to subscribe to and purchase the capital stock of such subsidiary corporations, having always in view that the subscription to and purchase of such capital stock shall in no wise be for the purpose or have the effect of defeating or lessening competition, or encouraging monopoly in their respective businesses, and no contract to make with them shall have or be intended to have such effect.

6th. They desire the right to do all such acts and things and to exercise all such powers as are necessary or proper in the conduct of their business, and in effectuating the various objects of the corporation.

7th. They desire the right to contract for, lease, buy and hold such real estate as may be useful or proper in the conduct of their business, and to sell, lease, mortgage, or otherwise encumber the same, to issue bonds, notes or other credits of indebtedness as the interests of the corporation may suggest and its Board of Directors may determine.

8th. They desire, as such corporation, to have the right to sue and be sued; to have and use common seal, and make and prescribe such regulations and by-laws for its government as may be useful or proper and not contrary to law, to constitute and elect a Board of Directors, and such officers as are usual and as may be prescribed by such by-laws, and they further desire all general powers and privileges which may be conferred upon and are incident to corporations of said state of Georgia, which by-laws are charters

by the Superior Courts.

9th. The principal office of said corporation shall be in Dahlonga, in said County of Lumpkin, State of Georgia, and petitioners desire the right to establish and maintain a branch office at Columbus, Ohio, and at Toledo, Ohio, and such other places as the stockholders may, from time to time, elect to establish.

Wherefore petitioners pray to be made a body corporate under the name and style aforesaid and that a charter be granted them conferring the rights, privileges and powers herein set forth and petitioned for.

PRICES & CHARTERS.

Petitioners' attorneys.

GEORGIA—Lumpkin County.

I, G. C. Wallace, clerk of the Superior Court in and for said county, do certify that the foregoing is a true copy of the original petition for charter of "Standard Gold Mining Company," as the same appears of file in said clerk's office. Witness my hand and official signature this 19th day of March, 1900.

THE Crown Mountain Gold Mining & Milling Co.

A. J. WARNER, President,
J. H. MOORE, Vice-President,
J. F. MOORE, Sec. & Treas.

Capitalized at \$2,000,000. The Par Value of Shares \$100 Each.

Main Office: Dahlonga, Ga.

The Crown Mountain properties are situated in the very heart of the Georgia gold belt and is in the radiating center of all the leading gold veins of the Dahlonga district. They embrace what is believed to be the mother lode of the Appalachian Range.

The extensive and rich ore bodies in sight upon these properties assure long continued mining operations and the indisputable guarantee of the permanent and increasing value of the stock of "The Crown Mountain Mining Co."

The projectors of this company were the first to revive the mining interests in this district in 1896. After three years of careful and exhaustive exploration of all the mines of the district of reputation as gold producers, and they had the choice of all, they selected the Crown Mountain combination as the ideal gold mine of the district, which would yield or produce the most gold with the least expense.

This opinion is shown by all the mining engineers, mining experts, miners and citizens of any standing in the district who are familiar with the properties. As an evidence of this we here state that more of the citizens of the town of Dahlonga and vicinity have taken stock in this company than have in all the other companies combined that have ever been organized in this district.

The present directory is to be managed by practical business men—who have given much of their time to mining and mining operations, and always with unvarying success.

The present directory is for the most part composed of men who have had much experience in the management of mines and mining enterprises, and under its efficient

THE NUGGET

DAHLONEGA, APRIL 13, 1900.

Entered at the Dahlonega, Ga. P. O.
as Second Class Matter.

For a Model Farm.

The North Georgia Agricultural College has received of Judge George F. Guber of Marietta, Georgia, a donation of about 800 choice grape vines. These will be planted on the college grounds, and may be the beginning of a very important feature of the college work. The college owns 40 acres of very good land, especially adapted to horticulture and truck farming, and the gift of Judge Guber suggests some important considerations.

North Georgia in climate and soil is remarkably well adapted to horticulture. Conditions are not favorable for the general cultivation of the great staple crops of the central and southern portions of the states, cotton, rice and corn. But for the culture of fruits, berries, and vines, conditions are almost ideal. Already in the products of her orchards Georgia stands in the front rank. And as a peach district the state is widely famous. The Georgia peach has no superior in America. It may be cultivated in almost every part of the state. But the northern section of the state is especially adapted for the growth of apples. And where orchards of good varieties of trees have been properly cultivated splendid success has followed. Pears flourish also. And North Georgia is especially well adapted to grape culture. Cherries, plums, strawberries, and blackberries all thrive well and yield abundantly. And under proper cultivation their culture becomes a highly remunerative and important industry.

And now when activity in mining and manufacturing is developing so strongly, and the dependent population is rapidly increasing, the need of greater and more scientific agricultural development, the getting of food from the soil to the best advantage, is daily growing and great opportunities are being opened for proper development along this line.

In the great majority of cases in North Georgia the most primitive ways of raising fruit are still employed. With such favorable natural conditions of soil and climate and season, what might not be done in the way of developing this industry with sensible application of the best methods of culture? But how is a general knowledge and experience with these methods to be had? With horticulture as with every thing else, "main strength and awkwardness" are no longer acceptable. Knowledge, experience and brains are the agents that insure success.

If a young man wants to succeed as a mechanic he goes to the Technological school, and by both observation and practice he fits himself. If a person expects to teach, he or she takes lessons at the Model School of the North Georgia Agricultural College, or some other good one. In the proper order of things many of the students of the N. G. A. C. will be interested in getting the most possible out of the soil. All can not be, and should not be, lawyers, or doctors, or preachers, or teachers, or politicians. For the public good in this part of the state a goodly number should develop blessings from old Mother Earth.

What better thing could be done than for the college to develop a Model Farm for observation and experience by students in the best methods in fruit raising, planting, grafting, vine culture, berry raising, and preparing and replenishing the soil, and even poultry raising, as this region is famous for its poultry. It is said that in Holland every boy is taught and trained how to make one acre of ground yield support for a family of ten persons. How many college young men in North Georgia could successfully support ten people from ten acres of ground?

With proper supervision the college farm could be made not only a most valuable training ground along these lines but, as the students at Technological schools make a large part of the tools, machinery and necessary appliances used, so students here could not only gain much by observation and experience, but many needy ones could make a college Model Farm a source of aid in the way of supplies and support. The Dormitory boys could literally live off the fat of the land, and practically learn how to produce it.

It is likely that the development of a department in the college along this very important line will be undertaken. It would certainly be opportune and practical.

Mining Notes.

Reports from the Barrettsville mine in Dawson county are very encouraging.

The Standard Gold Mining Co. will likely secure their charter soon after the Superior Court is organized.

Already about two thousand dollars worth of work has been done on the Tabloneka property belonging to the Standard Co.

They commenced work on the Mary Henry mill last Saturday by laying the foundation for the new machinery. This is to be a ten stamp mill.

James L. Davis, engaged in mining on Tan Yard Branch, made a good clean up last week, in which were several beautiful nuggets weighing half a pennyweight.

Mr. Crawford has purchased a five stamp mill and will erect the same on the property recently purchased from editor McIntosh, near Auraria. This is said to be very rich.

The hands employed by the Standard and Consolidated Cos. already numbers about four hundred which will likely increase as soon as the former gets its charter and commences business on a large scale.

The Dahlonega Gold Mining and Milling Co. have received their engine and will be ready to start the mill on lot 810 very soon. A large force of hands have been engaged for several days in sinking pits and prospecting on the Briar Patch property belonging to the same company.

Z. V. Hewitt came up last Saturday and stopped over at the Hall House until the next day. Mr. Hewitt has been engaged in prospecting work in Dawson county. He has recently let a contract to W. J. Loveless to sink a shaft on property which he is interested in near Dawsonville.

The prospects for the reopening of the Niblewill ditch, which a few years ago conveyed water on the gold belt a few miles south of Dawsonville, are quite flattering indeed. This water would cover one of the richest gold belts in Georgia, and we hope to see the promoters of the enterprise put the water on at as early a date as practicable.—Advertiser.

C. F. Sheldon, who is now operating the Longstreet mine in our sister county White, was in Dahlonega a short while last week securing a duplicate piece of machinery which had been broken. The clean ups at this mine have been good and very satisfactory. Mining in various parts of that county are beginning to look up which will greatly benefit the whole section.

The Birch Bros. expect to be working their gold dredge both day and night by May 1st. They have thoroughly investigated the electric light appliances on the market, and have bought, through Mr. A. C. Smith, a representative of the General Electric Co., who are the largest manufacturers in the world of their class of goods, a complete lighting outfit of the latest pattern, and it is now on the road to them. Their workings will at night and be as light as day, and aside from the practical and utilitarian elements of their action, the novelty and beauty of operation by electricity at night, will be an attractive and instructive sight on our pretty mountain Ches-tate river.

A number of hands were sent by the Consolidated Co. Tuesday to the Lockhart mine who are engaged in cleaning up some old shafts, etc. At the present this mine belongs to Capt. F. W. Hall. The veins are large and rich but the sulphuretted ore prevents the gold from being saved on an old style stamp mill. This property will likely go into the hands of a company soon already having the necessary machinery erected close by to successfully operate it.

Capt. Asbury, of White county, was in Dahlonega a short while last Monday, who will be out on Cavener's Creek in Lumpkin county for some days prospecting and making tests. He is now engaged in making a mill test from a very large and rich vein. It is solid eight feet wide and shows much gold which can be seen with the natural eye. In a short while operation will commence by parties from Chicago and St. Louis who have recently turned their direction this way and become interested in our mineral resources. There is certainly a bright future in store for old Lumpkin.

The Singleton mine is creating no little excitement now on account of its richness. For several months it has been worked under a lease by J. F. Moore who, we learn, has made about two pounds of gold at several clean-ups weekly, from only nine stamps. The mill has twenty stamps but the concentrator will not accommodate but ten stamps and a claim is broken at one of the other batteries. They have been working on an eight foot vein for some time that is a sight worth traveling many miles to see. When a blast is let off it throws out large quantities of ore almost literally covered with gold which can be seen at a distance of fifteen or twenty steps with the natural eye, and causes almost every one who visits the mine to take the gold fever. This property together with the Tabloneka, will go into the hands of the Standard Gold Mining Co. next Monday, or as soon as the court can grant the charter. The stock of this company has been capitalized at five million dollars over half of which we understand has already been sold. They have already done much work on the property and will let the contract for the building of a modern 120 stamp mill at once.

The Crown Mountain people are on the move. We learn that they will begin active operation on this magnificent property the first of next week. The report of the engineers on the water powers controlled and owned by this property is now in. This report while favorable to all powers examined, shows that without any considerable outlay twelve hundred horse power can be developed at Seabolt shoals. This will give the company ample power to lift 150 inches of water to the "top of Crown Mountain" to light up the company's property and to move the mill and all other machinery and leave a surplus of several hundred horse power "to let" to other miners and companies. The preliminary work of developing the power, the clearing off the ground for the pumping station and mill site will be begun at once. General Warner is now North contracting for the necessary machinery and will be here the first of next week. Judge Murray is now on the

ground, and is very enthusiastic on the prospects of the development of the property and the returns which he has unflinching faith that it will yield. J. F. Moore "is in the saddle" and in fact maturing his plans to put up an "up to date" plant with the smallest possible expenditure of the funds of the company. The company continues to place stock in the vicinity which is very gratifying to the managers as it evinces faith both in the merits of the property and its management.

Henry Roberts has recently made another rich strike on the Crown Mountain. The vein is large and on some of the rock can be seen many pieces of gold as large as the end of a mans finger. It is certainly gratifying to us to live in plain view of this mountain and know that there is plenty of gold in it and see arrangements being made to take it out so as to put the valuable metal into circulation.

Card of Thanks.

We wish to express our heartfelt gratitude to the many friends, and to the citizens in general, for their many deeds of kindness and expressions of sympathy during our great sorrow—the death of our precious mother. May they be awarded by Him who remembereth every good deed.

LIZZIE R. CHAPMAN,
MAUDE TAYLOR,
J. W. CHAPMAN.

The populist met in Atlanta this week and put out a full state ticket as follows. For governor, J. H. Traylor of Troup county; Secretary of State, Dr. L. L. Clements of Milton; Attorney General, F. H. Saffold of Emanuel; State Treasurer, J. W. Park of Meriwether; Com. of Agriculture, W. T. Flint of Taliaferro; Prison Commissioners, J. T. Dickey of Upson and S. G. McCandless of Butts. They adopted prohibition as a part of their platform. Now those who have been crying out temperance so much have a chance to show their hands.

A New York capitalist has purchased ten thousand acres of land in Florida, which will be set out in fruit trees.

How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of SCOTT'S EMULSION. It is strange, but it often happens.

Somewhat the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

Scott's Emulsion

You will find it just as useful in summer as in winter, and if you are thriving upon it don't stop because the weather is warm.

THE NUGGET.

DAHLONEGA, APRIL 13 1900.

Cooking stoves at J. F. Moores. Also seeds in bulk.

People are here every day in search of houses to rent.

Remember the NUGGET is sent to any address in the United States for \$1.00.

First of the week was very rainy and disagreeable, stopping all out door work for a day or so.

The Graded School at Dahlonega is accomplishing much good and our citizens feel proud of it.

There is plenty of splendid water power in Lumpkin county not only for mining but all other purposes.

It is no trouble to sell city property in Dahlonega, especially when it is on College or Clarkesville streets.

You will find at J. F. Moores a fine line of single and double beds, single and double mattresses and single and double bed springs.

We have the largest assortment and most up to date clothing in town and will sell you for one third less than any body, Anderson & Jones.

The Free Jim lot, belonging to the Consolidated Co., has been laid off into town lots of a quarter of an acre each, with proper width for streets.

We understand that a survey shows that the Standard Cos. new proposed mill down at the Singleton will be within the corporate limits of Dahlonega.

Mechanics commenced making some changes on Hall's Villa last Tuesday, and it will not be long until this hotel will be again thrown open to the public.

There is no institution in the South that gives the young ladies and young men as cheap an education as the North Georgia Agricultural college at Dahlonega.

L. K. Donovin, of Ohio, who is interested in Crown Mountain Gold mine, has just paid Dahlonega a visit, accompanied by Dr. Hamilton and Gen. Daniels from the same state.

A lake has been made by the council in the street opposite Capt. Woodward's. They have no swans to put in it but there are plenty of geese to enjoy themselves swimming.

A nice line of lawns, organdies, ducks, embroidery, 10-4 sheeting, bleached scrim, piques, window shades, etc. The price is lower than the same stuff can be had in Gainesville or Atlanta. Don't take our word but come and examine for yourselves.

B. R. MEADERS & SON.

We understand that after Tessie Owens left this county she went near Dawsonville and located, together with Maud Corn. A crowd visited their premises and caused them to leave, and the next thing heard of they were in the city of Gainesville. Last Saturday Tessie went back and swore out a number of warrants against different parties in Dawson county but we have not yet learned the result of the trial.

It seems that W. C. Crow, who attempted to commit suicide in this county some weeks ago by cutting his throat with a knife, is determined to kill himself as he made another effort to take his life last Monday. This time he used a ladies hair pin and when discovered was trying to stick it in his throat, but the pin came in contact with the bandage around his neck which no doubt kept the old man from carrying out his intentions. Mr. Crow has lost his mind and we can't see how they can keep him from taking his life unless they have him sent to the asylum where he can be cared for. He has always been an honest, upright, clever citizen and it is very sad indeed to see him in this condition.

Low cut ladies, boys and mens shoes at J. F. Moores.

If you wish to see a prosperous, wide awake city come to Dahlonega.

Alderman W. H. McAfee has been very sick since Sunday morning with pneumonia.

Dr. Hend, of this county, who has been attending the medical college has received his diploma and returned home. He has not yet fully determined whether he will hang out his shingle here or go West. We wish him unbounded success wherever he casts his lot.

Last Monday a messenger came in from Chastatee district and telegraphed to the sons of Kennie Porter at Dacktown, Tenn., to come home at once for it was believed that their father, who had been sick a few days, was in a dying condition. Later.

A gentleman after spending several days in the mountains left for Atlanta last Sunday with two or three barrels of old copper and a still which had been destroyed by the revenue officers. The advance in the price of copper pays a man to go out into the mountains and search for it.

Marshal Grizzle and Collector Carter went over the river Saturday and destroyed an illicit distillery near the premises of Miner Whitmires close to the Chastatee mine. They had just made a run and left out with everything in the way of drinkables and the officers got no game.

D. E. Evans, of Gainesville, will purchase G. McGuire's farm down on Cane Creek provided the clay which is being tested will make good brick. A sample has been sent to Gainesville and the result will be known this week. If good Mr. Evans will run both a farm and make pressed brick by the thousands.

Last Saturday was the day fixed for the old ex-confederate soldiers of Lumpkin county to meet in convention, which occurred at 11 o'clock. The attendance was small, only about a dozen present. One by one they drop off and in a few more years there will not be a single one here to meet on these occasions and no one will be left to tell of the misery, trouble and sorrow they had to encounter during the civil war. Among the business transacted was the election of Col. W. P. Price to the national convention of veterans at Louisville which takes place in a few days.

They had a regular rail burning last Saturday up in Cane Creek. Martin Bryan undertook to burn off a pasture of his without injury and the flames soon leaped into the woods that hadn't been molested by fire in 20 years, getting entirely beyond the control of the people in that neighborhood, and it was not long before Mr. Bryant, Reid and others lost between a thousand and fifteen hundred rails, and a clean sweep was made of every partridge and rabbit for their wings and legs could not move fast enough to get them out of reach of the flames which the high wind caused to spread so rapidly.

Last Friday afternoon city marshal Anderson and nightwatchman Coffee got into trouble when they went over to Martin Barkers to cause Mrs. John Barker and some more of her relatives to come to court for having had some trouble with Wm. Ricketts' family. They found Mrs. Barker, her mother-in-law and sister-in-law all armed with ax handles and as soon as they entered the premises war commenced. Mr. Anderson was bitten on the arm by Mrs. John Barker and Mr. Coffee escaped with whole bones on account of his prisoner taking to her heels. The trial was postponed by Mayor Price until the following day at 4 p. m., at which time the court room door was closed to visitors. However, Mrs. John Barker and Miss Martha Barker were found guilty and the mayor required them to give a bond of \$50 each to keep the peace and not to disturb Mrs. Ricketts any more.

Solicitor General Charters has been courting up at Cleveland this week.

We hear it whispered that John Huff, residing in Wahoo district, is speaking of making the race for ordinary.

Cadet Burt got to examining and fingering with a dynamite cap so as to cause it to explode and badly injured his hand last Sunday.

We understand that the Consolidated Co. proposes to light up the churches in Dahlonega with beautiful and bright incandescent lights free of charge.

We notice that several commercial drummers who used to visit Dahlonega twice a month now come weekly. This alone shows that Dahlonega is on rising ground and has a progressive move on her.

Moses Moore cut an ugly gash in one of his arms the other day. His chair slipped while he was leaning back and he fell with one arm against a sharp ax cutting a gash about three inches long which will render him unable to work for several days.

It will only be a few more days until the Hand Canal will be furnishing water to the Consolidated plant also furnishing the power to light up Dahlonega with electricity and every building in the city where the owners wish to enjoy these up to date lights.

The new hotel being constructed by the Consolidated Co., will be completed as early as labor can do it, being modern in every manner and the largest hotel not only in Dahlonega but in upper Georgia. Electricians have been engaged for several days in stringing the wires, getting ready to light it up with electricity.

Allen Beck, who had a case in the U. S. Court against him, charged with making blockade liquor, was re-arrested and carried back to Atlanta first of the week by Marshal Grizzle on a bench warrant, having forfeited his bond. The ray of the transgressor is hard, especially when he gets to fooling with blockade liquor for he will sooner or later mix with Uncle Sam.

News reached Dahlonega last week that Homer Haines had shot Dr. Ally a few days previous up in White county through the bowels, being of such a nature that he dropped on the spot and had to be hauled away. It seems that the Doctor is getting to be a regular target if reports are true, having been shot through the hand once before. A woman is said to be the cause of the trouble.

The other day a request was made for us to publish the application for the charter of the proposed railroad from Atlanta to Dahlonega as "news matter," or if we wouldn't do that to "insert the ad four times and wait for the fee until the charter was granted and the company organized." We refused to do it because we require our home people to pay such fees in advance or whenever demanded and we are certain not to be more accommodating to strangers than to our friends. If the interested parties have no faith enough in the enterprise to advance the advertising fee how can they expect others to become interested in it? And if they haven't enough surplus money to pay such fees they will make very poor speed in building a railroad. We understand that our contemporary, the Signal, has agreed to insert the ad. but if it doesn't appear in both the NUGGET and the Signal it will not be legal as both papers are the official organs of the county, and the law distinctly says that railroad charters must be published in the paper in which the sheriff inserts his legal sales. People at home and abroad will please bear in mind that we are not publishing the NUGGET for pleasure and are not going to publish an ad. four weeks and take up space which belongs to our readers unless we are paid for it.

We break the record on selling clothing, Anderson & Jones.

Apples, oranges and lemons at J. H. McKees.

If you wish your friend or sweetheart to hear from this section send them the Nugget.

John G. O'Neil, a banker of Egg Huron, Mich., was among the visitors here this week.

Blank bonds for title and powers of attorney for sale at this office and nearly all other kinds of blanks.

John Ash, of Lumpkin county, and Miss Belle Martin, of Union, were wedded in that county last Sunday.

F. E. France, of Indiana, who we understand is to take charge of the Consolidated Co's hotels, has already arrived in our city.

The Folding Crate Co., located in Kentucky are corresponding with parties in Dahlonega with a view of putting up a factory here.

James T. Grindle and his wife are both seriously sick with pneumonia, which originated from grip, at their residence near the White county line.

James Phillips sold his house and lot in Dahlonega, this week to members of the Consolidated Co. And has since purchased a lot near Mechanicsville from Price and Crisson.

A lodge of the Knights of Pythias has been organized in Dahlonega with about thirty members. They have rented the hall above McGees store and will hereafter carry out their secret work at that place.

The picture of the big mining plant on the first page was made by a photograph taken by G. D. Bruce, the excellent photographer who is located in Dahlonega, and is engaged almost daily in taking mining and other views.

Last week several panels of Judge Britains fence down at his farm were burnt and he at once swore out a peace warrant for Mrs. Asbury Free and her son Charlie, and two daughters, Miss Susan and Miss Mattie, who were required to give a bond of fifty dollars each to keep the peace.

Our city was visited this week by C. J. Norwood, of Frankford, Ky., accompanied by Mr. Gordon, a leading attorney of that state. Mr. Norwood was located here not long ago for some months, in charge of the Dahlonega, Singleton and Kentucky mines, whose many friends in Dahlonega were glad to see him.

There was a road working over in Wahoo district, and while ten hands and the overseer were engaged a gallon jug of corn liquor was placed in a spring close by and they got hold of it, the working ceased and it was not long until the jug was empty and one was unable to recognize the other, but no one got mad for they all belonged to the church and couldn't afford it. One told us that when he woke up next morning he didn't know where he was at or scarcely what had occurred. By and by as soon as they felt like moving they went off home looking tired and hungry like a lot of hunters coming in after a long race. This was certainly a happy occasion at first but as you well know ever sweet has its bitter.

Among the defendants before the mayor last Monday night were two colored girls, Polly Whitaker and Ida Barnes, who had a fight out on Pea Ridge near the colored Methodist church. They were talking about their wearing apparel for Easter Sunday. Ida told Polly that she was going to dress the neatest and look the prettiest. Polly said she was, and the dispute continued until they hitched and a lively scene followed by relatives of both coming with their tongues loose at both ends with a very high speed of motion, which got to the ears of the marshal. Now if they appear in public next Sunday in full spring rigging, both their suits and pockets will be light—the latter to the tune of \$6 each.

Our city is full of visitors every day.

Best clothing for the least money this side of Atlanta at Anderson & Jones.

Remember you can get 16 lbs. of granulated sugar at J. E. Tates for \$1.00

A fellow in Dahlonega got tight on Cod Liver Oil the other day.

The high ridge in the street opposite W. C. Thomas' is being cut down and leveled off by the city council.

When you visit court in Dahlonega next week come down to the NUGGET office and drop a dollar in the slot.

Mr. Blake and Mr. Henderson have moved into the nice residence above the Consolidated Company's Store.

Dahlonega is the center of attraction now in the way of gold mining. All eyes are turned in this direction.

If you wish to keep posted on the progress of the gold mines in this section as well as all other local matters send one dollar and get the NUGGET.

E. E. Crisson and Frank Jones returned latter part of last week from a visit to North Carolina where they had been to look at some mining property over there which is said to be very rich.

Some of the mischievous boys rung the college bell two different times last Sunday morning between 1 and 2 o'clock, which aroused many of our citizens from their slumbers who thought it was an alarm of fire.

W. P. Price, Jr., has purchased the vacant town lot which belonged to Mrs. D. T. Harris adjoining her residence lot on Park street, also a portion of the lot belonging to this lady in front of the Methodist church.

Just think about plastering laths having to be hauled from Gainesville to Dahlonega, a distance of twenty-five miles. Wake up ye saw mill men of Lumpkin county and go to furnishing all such material as this yourselves.

Extra copies of the NUGGET can be had at 5 cents for single ones or larger quantities some cheaper when applied for in time generally. Very often the supply is exhausted before the order is received is why we sometimes fail to send them.

Only a few days ago the little eleven-year-old girl of Martin L. Anderson came near losing her life by fire while engaged in cooking on the stove at her fathers house in the eastern part of this county. She was alone at the time but fortunately had presence of mind enough to smother out the fire after it had burnt out nearly all the front part of her dress. Her mother had been dead just six months to a day at the time the accident occurred and this little girl being the eldest had to take her mothers place in preparing the meals and attending to all other domestic affairs about the house. To go there and see her engaged certainly presents a sad appearance.

It has been clearly demonstrated that the expenditure of twenty-five dollars per month by the city council for a night watchman under the present system is useless. That is to furnish the watchman with wood and allow him to build up a fire and enjoy his naps in the council room until he gets restless and goes home before day. If a thief was to attempt to break into a store or a house catch fire between the watchmans naps he might discover it, otherwise he would not. The other night when some negroes were drunk and shining around the watchman said that he had gone down home, half a mile or more from his post after a "midnight lunch," and it only ten o'clock, and didn't return or couldn't be found for two hours. It is not right for the people of Dahlonega to have to pay out their money for such service just to furnish him with an easy job.

Go to J. H. McKees if you want a suit of clothes cheap.

Charlie Hope will take charge of the Gainesville and Dahlonega hack line first of July.

We don't publish hand bills at the NUGGET office and then put the matter in the paper just to fill up.

Mrs. Wm. Jarrard who died up in Yahoola district a few days ago had been sick near a quarter of a century.

D. E. Evans is building him a wooden structure to use for a stable until he can make the necessary brick.

The peach trees are in full bloom, the woods are beginning to dress up in green, the sap has commenced rising and a person can now well afford to sing Gentle Annie.

U. S. Marshal Grizzle and Collector Carter destroyed an illicit distillery up in Nimbleville district last Friday and about 2,000 gallons of beer near John Howells. No one was arrested.

Mr. Dale, who has located here from Harmony Grove, Ga., now has his saw mill turning out lumber over on Prof. Boyd's property known as West View, a short distance from the Graded School House.

F. G. Thomson, of Toledo, O., who accompanied some other northern gentlemen here last week, owns a piece of property beyond Wimpys mill, having a very high point on it which he has named the Eagles Nest.

An electrician has been engaged for some days making an estimate of the cost of building the electric line from Dahlonega to Gainesville with a view of taking the contract, and no doubt in a short time the work will begin.

When the Consolidated Co. gets things in shape they will throw open the doors of three more hotels in Dahlonega which will give a number of weary travelers who come this way a place to rest. Hall's Villa will be enlarged and otherwise improved so as to make it an up to date hotel.

I am now receiving my Spring Millinery and invite the ladies to call and inspect my stock before buying. I have an Easter hat for every lady in Dahlonega in prices from two to ten dollars in the very latest styles. Sailors and Golfs of the latest shapes.

MRS. J. M. BROOKSHER.

Clyde Meaders while on his bicycle collided with a post going down the walk near the Methodist church the other day and ran against a little girl of T. F. Jackson. The wheel was demolished but the girl was not hurt and the rider only received some slight injuries. There is an ordinance against riding bicycles on the side walks but it is not enforced.

The following northern gentlemen spent a day or two in Dahlonega last week looking after their mining interest in this county, to-wit: W. W. Fisher, L. E. Pettitt and Geo. H. Allen, of Bellefonte, O.; F. W. Allen and F. R. Adams, of Delaware, O.; J. Y. Saint, of Cincinnati, O.; F. G. Thomson and G. W. Breyman, of Toledo, O.

The property known as the Free Jim lot, purchased by the Consolidated Co. some months ago, is being put in fine shape now. Some fifteen or twenty men were put to clearing and cleaning it off last week, leaving nothing but some trees for shades. Our city is spreading in that direction all the time and when this is covered by nice residences it will be one of the prettiest places in town.

The warrant against Piercan Edmonson, who was also charged with robbing Charlie Moose some time ago, was dismissed as soon as John Loggins was acquitted, as Charlie is a lunatic and couldn't remember anything about it and there was no one else then present who had an opportunity of knowing anything about the matter. Charlie was carried to the asylum last Monday by his father.

Mrs. L. Q. Meaders returned from Appling last week accompanied by her daughter, Miss Birdie.

We received a letter the other day from our old friend J. M. Galbreath which was written by him while on top of Ball Mountain in North Carolina. He tells of many interesting things that are going on there. A Philadelphia Co. are spending thousands of dollars in the construction of a road to a conundrum mine on the mountain.

The boys who rang the college bell the other night between one and two o'clock played off on the officers pretty well. They circulated the report that certain ladies did it and the matter was dropped by the mayor. But it turns out that not a single lady had been on the college hill that night, besides it was at an unusual hour for ladies to be out any way. However, this report saved the boys from having to pay out any fine.

But Harris, who resides a few miles from Dahlonega, had another stroke of paralysis only a few days ago and is in a critical condition. Mr. Harris fought bravely in the civil war and has been crippled and in needy circumstances for several years but has been unable to get any assistance from the state so far, while others who never smelt a bit of burnt powder during a battle have long since received their pensions. The needy and deserving ones very often are the last in getting anything and Mr. Harris is one of them. Later—Mr. Harris died Sunday night. He was a good soldier and has gone to join his comrades who passed on before him.

We notice now that the night watchman is getting in full time lately. Most every morning as we come to our office about day break we see him, who is generally wearing a Dixie or some other familiar piece with all the variations. This is the proper way. It is more important for him to sit up of nights and keep a look out for thieves and fire than to be out during the day watching to see if some one can be caught selling a bottle of liquor. Some may think that we have been too severe in our criticism in this matter but when it comes to eighteen chairs being stolen out of the court house in one night and never seen, and at the same time the city paying a man \$25 to look after such matters proves that that duty is not being performed.

Hall's Villa is being touched up by the painters brush and will soon present a bright appearance.

Ferdinand McDonald has purchased a house and lot from Dr. Howard in the Western portion of the city near the Doctor's old fish pond.

Link Wehant, who resides out in Nimbleshill district, attracted the attention of every one in Dahlonega on Thursday of last week, by visiting the city bareheaded. He is a grown man and never wore a hat in his life nor won't have one. It is said when he is given one he will cut it up with his knife. This was his first visit to Dahlonega and of course he saw many curious things to look at.

Gen. W. N. P. Darrow and Dr. C. S. Hamilton, of Columbus, O., who accompanied L. K. Donavin here last week to look at the mines were well pleased with what they saw and no doubt by this time have become interested in The Crown Mountain Gold Mining property. They being prominent citizens of that city and we are always glad to have the presence of such gentlemen in our community. This was their first visit but we hope now that they will come to see us often.

We have partially got our list set up and ready for the mailer. Your names and address and the time you subscribed are plainly printed on the wrapper which shows you when your time expires without having to write to us or have your paper discontinued. For instance if you subscribed Jan. 2, 1900, it will appear before your name as follows: 1, 2, 19, being the 1st month, second day of 1900, and so on. Look and see if your time is about out. If so renew at once if you desire the paper continued.

Charlie Smith, of Fannin county, died near the foot of the Blue Ridge in Lumpkin very suddenly on Wednesday of last week. He came over into this county after a jug of liquor and was making his way back up the Winding Stairs, very much under the influence of the liquid which he loved so well, having been on a protracted spree for some time. Some hands were at work on the road and as they passed he sat down and asked them to listen to a song which he proposed to sing. He was left alone sitting on the bank of the road. After awhile some of them returned and to their surprise found him dead.

Be Kind.

Be kind and smile when you can; life is two short to lose any happy hours of the days we are given on this beautiful earth to be unkind and frowny.

Above all things we should be kind and speak cheering words to the ones near and dear to us, that hold a chord to our hearts. We should loose no time in making dear father and mother, brothers and sisters know that we love them while they are with us. We should if near visit them often; if not near let them know it is a pleasure, long letters home to write, and assure them that you esteem their counsel.

Speak kind to all you may come in contact with. The day in the future will come when you will rue the unkind and indifferent words spoken thoughtlessly. Be kind and sympathetic to the poor, and unfortunate, young or old, for beneath the tattered garment, may be a soul of fine mould, and one kind word spoken in time might make a star in your crown, and if in life when you are growing old and infirm, and your hair is shading the snow-drift, you can look back over a life well spent and may see that by some kind cheering word that you saved some youth from a dark life. Then you can lay down to your last sleep feeling that you have done your duty nobly well.

Do not keep your love and tenderness sealed until your friends are dead, fill their lives with sweetness; speak approving, cheering words while their ears can hear them and while their hearts can be thrilled and made happier by them. The kind things we mean to say before they are gone we should say before they go. The flowers you mean to send to their coffins, send it to brighten and sweeten their homes before they leave them. If my friends have flowers full of fragrant perfume, sympathy and affection, which they intend to break over my dead body, I would rather they would bring them out in my weary and troubled house, and open them, and I may be refreshed and cheered by them while I need them (for I do.) I would prefer a plain coffin without a flower than a life without the sweetness and sympathy of love. Flowers on the coffin cast no fragrance backward over life's weary way.—Sol.

THE NUGGET.

DAHLONEGA, APRIL 20, 1900.

Entered at the Dahlonega, Ga. P. O. as Second Class Matter.

THE DEMOCRATS MEET

And Fix County Primaries For August 15th.

The democratic executive committee of Lumpkin county convened in the court house last Monday at 1 o'clock with Dr. H. C. Wheeler in the chair and G. W. Walker, Jr., in charge of the secretaries pen.

The chairman called the roll of members and found the following districts unrepresented from providential and other causes, to-wit: Dahlonega, Mill Creek, Nimblovill, Cane Creek, and Chestatee—Col. Charters representing Auraria district by proxy. At the request of the assembly the chairman appointed the following persons to represent these districts as follows: Dahlonega, F. M. Williams; Mill Creek, J. R. Graham; Nimblovill, J. C. Stargel; Cane Creek, G. D. Bruce; Chestatee, J. V. Harbison.

Then a committee of three, consisting of W. A. Charters, J. V. Harbison and E. D. Gaddis, was appointed to draft resolutions, which duty was performed and the following is a copy of the same which were read and unanimously adopted, which is going to put the political pot in old Lumpkin to boiling at once:

1st. That in pursuance of the instructions passed by the state Democratic executive committee held March 15th 1900, a general primary election shall be held on the 15th day of May 1900, for the purpose of selecting Democratic candidates for governor, attorney general, secretary of state, comptroller general, treasurer, commissioner of agriculture, state school commissioner, two justices of the supreme court and two prison commissioners, and that on the same ballot the voters shall be given an opportunity to express their choice for United States Senator. It is ordered further in compliance with the strict rules of the state Democratic committee, which are binding upon this county committee, that no one shall be allowed to vote for the above named officers except qualified white democratic voters who have registered between January 1st 1900 and May 5th 1900. Said election shall also be for Congressmen.

2nd. It is further ordered that a general primary election be held on the 15th day of August in said Lumpkin county for the purpose of selecting democratic candidates for ordinary clerk, sheriff, tax collector, tax receiver, treasurer, surveyor, coroner and a member of the legislature and senator from the 32 senatorial district. It is further ordered that all qualified white democratic voters of the county shall have the privilege of voting for any candidates for the offices named in the paragraph, this to include all voters registered in 1898 and 1899 as well as in 1900.

3rd. The executive committee of each district are hereby appointed managers of said elections in their respective districts, and authorized to appoint such assistants as they may deem necessary in holding said election, and upon failure of any of said executive committees to act or make the appointments, any three qualified Democratic voters of said district may hold the election.

4th. The Secretary of this committee is hereby instructed to furnish the managers at each voting place, with a list of the qualified white voters of each district, all being in the foregoing resolution.

5th. Each candidate for County offices and for representatives in the General Assembly and Senator is hereby required to hand his name to the Secretary of this Committee, together with such contribution towards the expense of this primary as may be necessary, not to exceed three dollars, at least

ten days prior to said last named primary.

6th. It is further ordered that the Secretary shall furnish the managers at each voting place with such blanks as shall be necessary in holding said election.

7th. It is further ordered that the Secretary of this committee, in conjunction with the chairman, shall have a ballot prepared containing a list of all the names of all the candidates to be voted for in said primaries and shall have at least 5,000 tickets printed and shall have same properly distributed.

8th. Each and every voter shall be required to use the ballot thus prepared and shall strike from the ballot the names of all the candidates except the names of the ones for whom he desires to cast his ballot. No voter shall be allowed to vote for but one candidate for each office, except he may vote for two Justices of the Supreme court, and two prison commissioners.

9th. Said voters are required to vote at the voting place in the district in which they live, except any qualified voter according to the rules provided may vote at the voting place at the court house in the city of Dahlonega; no person shall vote but once in said primary election.

10th. It is further ordered that said primary election shall be held under the provisions of the general primary election law of the State.

11th. It is further ordered that all white voters, without regard to past political affiliations, who desire to align themselves with the Democratic party, and who will if their right to participate in said primary be challenged, pledge themselves to support the nominees of the Democratic party, are hereby declared entitled to vote therein and are cordially invited to do so.

12th. It is further ordered that the managers of the various precincts shall make their returns to the secretary of the Executive Committee at the court house on or before 12 o'clock the day after the primary, and it is further ordered that said Executive committee shall meet at 12 o'clock on May 16th, to consolidate said returns and declare the results as to first primary and on the 16th day of August at 12 m. to declare result of second primary.

After adopting a resolution calling a mass meeting of the white democrats of Lumpkin county to meet at Dahlonega on August the 16th for the purpose of appointing a new executive committee and such other business as may come before it, the meeting adjourned.

Farrow on the Situation.

Col. Henry P. Farrow of Gainesville has been spending a few days in our county, at Porter Springs, and while we have not seen him yet we learn from others that he is emphatically in favor of such action by the republican party in this state as will bind all true and loyal republicans in Georgia to support the state ticket which has been nominated by the populists. His position as we understand it is the democracy having proclaimed that no colored man shall have any voice in our government and the populists having "declared in favor of a free ballot and a fair count and pledging the party if it gets into power to the enactment of laws securing this to every legal voter" it is the duty of all republicans without regards to color, to support the populists on that issue. We learn that he does not call for any fusion but for what might more properly be called a "co-ordinate movement." He says the platform upon which the populists have nominated their ticket emphasizes the fundamental principle of the republican party that ours is "a government of the people by the people, and for the people" and that the colored race is a part of the people. He says that the issue thus joined between the populists party and the democracy and the right of all the people to have a voice in their government makes it entirely advisable for the republican party to nominate as its nominees the gentlemen who stand upon that platform, and in that event that loyalty to the party would imperatively demand their support of that ticket.

Superior Court Proceedings.

The following cases were disposed of to-wit:

The State vs. Floyd Davis—misdeamnor. Plea of guilty filed. Fine \$20.00 and costs.

The State vs. Joseph Grizzle—misdeamnor. Not pressed.

The State vs. Lon Childers—malicious mischief. Verdict of guilty. Fine \$20 and costs.

Mary Stephens, col., vs. Harvo Stephens—libel for divorce. Total divorce granted and both parties allowed to marry again.

Percilla Edmonson vs. Willie Piercean Edmonson—libel for divorce. Total divorce granted and both parties allowed to marry again.

Rosie B. Galloway vs. Polly Ann Galloway—libel for divorce. Total divorce granted and both parties allowed to marry again.

The F. W. Hall Mds Co. plaintiff in fl. fa. vs. Jackson Norrell, defendant in fl. fa.—claim. Death of claimant suggested.

Application for charter of The Standard Gold Mining Co. Granted.

Nancy Wimpy et al. and B. F. Anderson assigns, plaintiff in fl. fa. vs. C. F. Healan, defendant in fl. fa. and Arminda Healan claimant—claim. Levy dismissed at plaintiffs costs.

F. M. Rider vs. Mollie Rider—divorce. First verdict for plaintiff authorizing a total divorce.

The State vs. Tom Elrod, Will Elrod, Bascom Elrod and Nettie Welborn—Bribe. Not pressed as to Welborn. Plea of guilty as to all the rest. Fine each \$20 and cost.

The State vs. Bob Thomas—carrying a pistol. Verdict of not guilty.

The State vs. Bill Crane and John Collins—disturbing worship. Verdict of not guilty as to Collins. Plea of guilty filed by Crane. Fine \$10 and costs.

The State vs. Henry Burch—simple larceny, horse stealing. Verdict of guilty with recommendation that he be punished as for misdeamnor. Fine \$200.00 or 12 months in the chain gang.

The State vs. Bud Blackwell and William Rail—affray. Verdict of guilty as to Rail. Fine \$15 and costs or six months in the chain gang.

The State vs. John Barker—selling whisky. Fine \$15 and costs.

The State vs. Frank Black—misdeamnor. Verdict not guilty.

The State vs. J. W. Woodward—fornication. The parties having married this case was ordered not pressed by the Court.

The State vs. Rachel Walker—fornication. The parties having married this case was ordered not pressed by the Court.

The State vs. J. W. Walker—misdeamnor. Not pressed.

The State vs. J. W. Walker—misdeamnor. Plea of guilty filed. Fine \$20 and costs.

The State vs. Tom Sullins—misdeamnor. Plea of guilty filed. Fine \$15 and costs.

The State vs. Henry Williams—carrying pistol. Plea of guilty filed. Fine \$15 and costs.

Charter granted "The Chicago New South Gold Mining Co."

The State vs. David Mauldin—misdeamnor. Verdict of guilty. Fine \$15 and costs.

H. C. Hughes vs. H. D. Ingersoll—complaint. Dismissed at plaintiffs cost.

NEW GOODS!

NEW PRICES!

I am now located in my new store room on Clarksville Street opposite the Masonic Hall with a full line of goods from a jews harp up and for the next thirty days will sell

16 lbs. best gran. sugar for \$1.
8 lbs. good green coffee for \$1.
25 lbs. best flour for 70c.
25 lbs. Marine pat. flour for 55c.

J. E. TATE.

The State vs. John Welant—misdeamnor. Fine \$10 and costs.
The State vs. Jerry Black—misdeamnor. Verdict of not guilty.

The State vs. Mike Lingerfeld—No bill and returned as malicious prosecution, J. M. Black prosecutor, to pay eight dollars, costs in two cases.

Nancy Robinson vs. Wm. Robinson—petition for alimony. Robinson to pay \$8 per month to plaintiff and \$20 counsel fees.

The State vs. Will McDonald—shooting at another. Verdict not guilty.

Court will likely adjourn to-day (Thursday.)

Notice of Annual Meeting.

The Annual Meeting of the stockholders of the Dahlonega Consolidated Gold Mining Company, will be held at the Northern office of the Company in the City of Toledo, Ohio on May 2nd, 1900, at 10 o'clock A. M., for the purpose of electing Directors for the ensuing year, and such other business as may properly come before the meeting.

R. C. THOMSON,
Secretary.

The fund for the purchase of a house for Rear Admiral Schley is growing, although frowned upon by the navy department clique. Ex. Gov. Carroll, of Md. voiced the sentiment of many of the contributors when he wrote, to the committee: "I have been anxious to see the effort to purchase a home for Admiral Schley a success, not only from my strong conviction of the gallant conduct of the Admiral himself, but also because I believe that he has been unfairly treated by the present officers of the navy. I therefore inclose my check for \$100 and wish the committee the greatest success."—Ex.

"The Congressional Record shows that 37 members of the present congress have at some time or other been connected with newspapers," says an exchange.

Col. Seab Wright, of Rome, who was the populist candidate for Governor four years ago, is again back in the Democratic party, and has announced himself a candidate for Representative from Floyd, subject to the Democratic white primary on the 15th of May. The Colonel seems to be very hungry for an office.

SCOTT'S EMULSION

is a food medicine for the baby that is thin and not well nourished and for the mother whose milk does not nourish the baby.

It is equally good for the boy or girl who is thin and pale and not well nourished by their food; also for the anemic or consumptive adult that is losing flesh and strength.

In fact, for all conditions of wasting, it is the food medicine that will nourish and build up the body and give new life and energy when all other means fail.

Should be taken in summer as well as winter.
See and Buy on all druggists.
SCOTT & BOWNE, Chemists, New York.

NEW GOODS!

Fresh lot bottled pickles.
Fresh fish 7c per lb.
Shoes almost at your own price.
Extra line of fancy candy.
Flows and plow stocks, hoes, etc.
Give me a call before purchasing elsewhere.

DAHLONEGA, APRIL 20, 1900.

Dr. Jones is enlarging his drug store.

Capt. Hall, his wife and baby will return from Gainesville to-day.

Our April list of new subscribers is growing nicely.

Did you say you wanted to buy a sewing machine cheap? If so apply at this office.

Remember your prescriptions are prepared by a competent Pharmacist at the Gurley Drug Co.

A protracted meeting is now in progress at the Methodist Church and we hope that much good will be accomplished.

We carry the best fine of 5 and 10c cigars ever shown in Dahlonega satisfaction guaranteed The Gurley Drug Co.

It was thought for a while that Rev. W. H. McAfee would not recover, but he is some better now and there is a chance for him to get well.

J. W. Adams received a message on Thursday last week that his wife was seriously sick in Chattanooga but we are glad that she is better now.

Dr. N. F. Howard has been seriously ill for several days and it is feared that he will not recover, but we trust that a change will come so that he will live many more years yet.

Joe Bonner, who is in the chain gang, was sent for to testify against blind John Hester this week, charged with stealing a copper plate from a stamp mill some time ago in this county.

The second quarterly conference of Lumpkin mission charge will be held at Amicola church Saturday April, 28, preaching Sunday and Sunday at 11 a. m.

L. L. LANDRUM, P. C.

A large number of young people from Lumpkin, White and Hall enjoyed themselves singing on top of Walker mountain last Sunday. They couldn't get an organ up there to spoil the singing and the music was good.

Boone Crawford, of Blue Ridge, is over on a visit this week. Mr. Crawford recently resigned U. S. Commissioner's place and is now doing business for himself. They put him to rambling about through the hills of Rabun, Towns and other rough sections which naturally caused the two hundred pounder a desire to view different scenery.

Theo. Hobgood, of Atlanta, is here canvassing the city to see if they desire him to get up a directory and print it on hangers so as to more thoroughly advertise the city. Mr. Hobgood has been following this business for years and thoroughly understands it. The samples he has with him are very attractive, showing that he understands the best method of catching the eye of all.

Jess Davis of Gainesville, came up again this court and sold medicine so as to relieve "suffering humanity." This time he brought a negro along to blow the harp, who says that he has been to the "wa and is from Columbus, O." No matter where he's from he can certainly play the harp to perfection. He attracted great crowds while here. Even the judge, lawyers, preachers and country editors listened to him with much interest.

Prof. Wilber Colvin has received notice that he has been unanimously selected by the executive committee of the Alumni Association of the Ohio University, at Athens, Ohio, his alma mater, to deliver the Alumni Address at the coming commencement of the University in June. The invitation also states that the purpose is to make the occasion of the Alumni address the greatest feature of the commencement. Prof. Colvin has accepted and looks forward with much pleasure to again meet with many of his old college-mates.

Up to date line of toilet articles, stationery and perfumery at The Gurley Drug Co.

The jail accommodated quite a number of defendants this week who were unable to make bond.

Several of the miners here are speaking of going to Ducktown to work on account of wages being better there.

Last Sunday was Easter and many of the ladies went to church to show the Lord their pretty new costly hats.

The ground was white with frost Sunday morning and for several mornings previous but we think the frost is all right so far.

Another fight occurred in Chestnut district the other day, J. L. Seabolt and A. J. Ash being the participants, with both their sons thrown in as gougers. No one hurt.

A Mr. Edwards, superintendent of one of the mines at Ducktown, Tenn., came over latter part of last week to look over the gold mines here. He reports everything on a rush at the copper mines.

Henry Ramsaur, who used to be interested in the firm of the Hall Mide Co., and left here in 1887, arrived in the city last Saturday and there was a general hand shaking with him and his many old friends in Dahlonega.

B. R. Meaders & Sons have just returned from Atlanta with a lot of dring and saddle horses which they will hire at reasonable prices. Furnish all calls day or night. Feeding transient a specialty. Give us a trial.

The oldest negro man in Lumpkin county now is "Uncle" Henry Castleberry, being 87 years of age, who still plows and make nearly enough corn to do him. He is getting very feeble but still he says he won't beg and will labor as long as he can do anything at all.

Chas. O. Lindsey and wife, of Chattanooga, Tenn., arrived in our city last week, where they will reside some time to come as Mr. Lindsey will be the bookkeeper at the central office of the Consolidated G. M. Co. The citizens of Dahlonega extend to them a hearty welcome.

Very interesting and appropriate services were held at the churches in Dahlonega last Sunday, both white and colored. The decorations were very beautiful. Services commenced and hour earlier than usual and continued later being listened to with much interest by the large number of people present.

A church has been organized near Hedwig called Arbuckle. The pastor is a man by the name of Newberry who comes over occasionally from Gilmer and tells the people out there who care to hear from him what he knows about religion. Some people don't seem to have much confidence in the pastor but he may be all right and cause some poor sinner to pass through the golden gate yet.

The other night some one set fire out which burnt up the old Cedar Mountain harbor and tents, besides about 5000 rails belonging to W. G. Spencer, near Porter Springs. Fortunately Mr. Spencer lives in the stock law section, otherwise he would not have been able to make a crop this year. There is a fire against setting out fire at this season of the year and some one will have to be prosecuted and made to punish before it is stopped.

A. J. Reese and Joe Blackwell were arrested by Marshal Grizzle in Dawson county last Saturday and brought to Dahlonega and lodged in jail on bench warrants. Reese was also tried on another warrant and bound over for running an illicit distillery at another time. It is strange how good and christian hearted some people become when they get into trouble. When Blackwell was separating from his wife and children he requested that they do all the good they could for the Sunday School.

H. D. Gurley was elected foreman of the grand jury Monday.

It is whispered that Allen G. Anderson will make the race for tax collector.

Bruce Crawford, of Blue Ridge, has been over for several days on a visit to his sick relatives here.

Little Jim Harbison is still very sick with fever. The mother and all the rest of the family have recovered but Jim is having a severe spell.

A wedding is booked to take place in Martin's Ford at an early day which will somewhat surprise a certain father when he loses his daughter.

Miss Rebecca Walker was found dead the other day at her home in Yahoola district. The deceased was a daughter of Abner Walker who passed away some years ago.

A postoffice has been established in Crumby's district called Crumby with Dorso Caldwell as postmaster which will be opened as soon as his bond reaches its destination.

Judge Estes moved things along this week in a business like way, which is a big saving to the tax payers when you get to thinking about the heavy expense of a court each day.

Miss Hannah Grindle, a highly respected lady of Frog Town district, died the other day at the age of 80. The deceased had been a strict member of the church since her girlhood.

Senator Underwood was down this week from Cleveland, who reported everything moving along nicely up that way. It is whispered that he will be a candidate for the legislature from White.

Wm. Waters, of Nimblewill district, killed a beaver the other day weighing 84 pounds. It was found out on a high ridge a long distance from water. It bit the dog only was making for Mr. Waters and he shot it just in time to keep from being bitten too.

Some northern gentlemen from Carning, N. Y., and New York, Ohio and many other places, have been here this week inspecting the plant at the Hand, and looking over other mineral property. Our mineral resources are attracting wide spread interest in every direction.

Several of the members of Yahoola church who had been on a spree since the last monthly meeting expected to be churched last Saturday but when the time arrived nothing was said about it. The few who don't drink know what the story would be and didn't think it necessary to consume time in hearing them say that they were "sorry."

Col. Charters, team got away from the driver last Monday and ran through town at breakneck speed and no one could stop it until they ran the wagon against a tree in front of Dr. Prosser's residence, somewhat demolishing the wagon. The horses were not hurt notwithstanding they jumped off at the highest place of the rock wall at the end of Hall's Villa.

One day last week W. H. Reid discovered a watch in the shoals of the creek which runs by his house. On picking it up he found it to be a good silver time keeper which had been lost so long that the silk cord was perfectly rotten. The initials of a persons name is on the inside. Mr. Reid would be glad to turn it over to the owner who can get the watch by describing the same.

Mrs. Joseph Moore, who resided in Cane Creek district, died last Saturday night at 9 o'clock after being sick less than a week, whose remains were interred in Salem cemetery the following day. The lady attended church on Sunday before her death. It is certainly very sad for Mr. Moore to lose his companion so suddenly and we extend to him our heartfelt sympathy in the loss of the one he so dearly loved.

We carry a full line of straw hats, lin robes, hammocks, rugs and mats. F. L. REESE.

Prof. Colvin has been elected conductor of the teachers' institute at Cleveland, Ga., to be held in June.

Judge Tate will be in the field again for ordinary. He has a long race before him as he does not belong to the convention crowd.

At F. L. Reese's you will find hardware, tin ware, glass ware, granite ware, shoes that will wear and dry goods that will not tear.

Jap Williams is going to run for sheriff, so it is said. Sheriff Davis is going to be in the field again and a lively time may be expected.

The earliest flour of the season. Celestial, 1st patent 65c quarter sack. Supreme, 2nd patent, 60c. Rose Bud, 55c. All in full bloom at F. L. Reese's.

Postmasters along the line will please see that the Nugget reaches Gates postoffice on Saturday. Some carelessness has been taking place on this route somewhere.

It has just come to light that Charlie Beasley and Miss Ollie Dowdy, of Crumby's district, are wedded, so we are informed, which occurred some time ago.

The residence of T. A. Oaks was destroyed by fire at Cleveland Ga., last Saturday night. Parties attending court in Dahlonega this week seem to think that it is the work of an incendiary.

The grand jury recommended the appointment of J. B. Simmons to fill the vacancy on the Board of Education of R. L. London, whose term has expired, and Col. W. P. Price to succeed himself.

Mrs. Carrie Copeland gave an Easter egg hunt to her Sunday school class at the home of her parents, Mr. and Mrs. W. J. Worley, which was enjoyed very much by the little ones. Several other egg hunts were given in Dahlonega.

Some of the boys went up into the college tower the other night and removed the clapper from the bell which has caused the janitor to make a lofty climb over time he has had to ring it since. Boys will be boys. We have seen the time we would have "lost a war pension" to been with them.

A telephone message was received in Dahlonega giving an account of another shooting in Gainesville Monday night—Ed. Merck, a son of Thomas Merck, being the unfortunate at the hands of Will Evans. While Merck was policeman some time ago he arrested Evans and a bad feeling has been existing between them every since, which resulted in a fight Monday, Merck getting the best of it. Evans went away and secured a pistol and the first time he saw his enemy commenced firing at him. Three out of five shots taking effect in his abdomen leg and arm, which are thought to be fatal. Evans was arrested and carried to Atlanta for safe keeping. Later—Merck died Wednesday night at eleven o'clock.

The way is now open to candidates who wish to make the race for an office in Lumpkin county, and we will open the door of the Nugget to all parties who wish to announce by paying a small initiation fee strictly in advance. Those wishing to announce their names subject to the democratic primary can have it done in this paper until that time for \$2.00—no more, nor no less—matters not if they wait until a week before the primary, it will cost them just the same. And from the primary on, till the election, \$1.00 extra. And for those of different politics, as well as independents, we will publish their announcements for \$3. Tickets will cost you a small sum extra. Now, if you feel any ways hungry for an office let the people know it. There are more than one thousand voters in Lumpkin county, some of whom will be sympathetic enough to help you. If you are too poor or too stung to make this small outlay in the beginning you have no business being in the race.

Mining Notes.

It is hinted that another big mining corporation will soon be organized in Lumpkin county. Let the good work go on.

The Standard Gold Mining Co. received its charter this week. A large force of hands went to work causing everything to look like business down that way.

We understand that another big mining deal is "on foot" in Lumpkin county. The future of this county is certainly very bright.

The workmen hoped to have the water in the reservoir at the Hand mine to-morrow but doubtless the rain Wednesday will prevent it.

The Chicago New South Gold Mining Co. was granted a charter by the court this week, which will commence operation now in good shape.

J. N. Hollified, of Auraria district, was down to see us Wednesday and stated that he believed that there would be a great revival in the mining business down in that part of the county in a short time.

The mill at the Austin mine, in charge of Dr. Cravens, is now in operation. It has not been running long enough for a clean up but the plates are showing up nicely.

Dr. A. M. Gammon, of Corning, N. Y., and J. K. Tillotson, of New York City, have been down this week looking around. It may be that one or both of these gentlemen will become interested in our mines at an early day.

Gen. Warner, president of the Crown Mountain Gold Mining Co., is here looking over the field while some electricians are on hand who came to put in a bid for the contract which the company will let at once for electric power necessary for their work.

Mr. John Martin is exhibiting a beautiful nugget which was found on some of his placer diggings in White county. It weighs thirty-one pennyweights and is considered by those who have seen it as one of the largest and handsomest nuggets yet seen in this neck of woods.—Courier.

W. C. Keenum, who recently went from Lumpkin county to work for a company at Dixie, N. C., writes us that they launched a big dredge boat on the 18th and will soon be ready to demonstrate to the Cataba Placer Mining Co. what there is in the bed of the Cataba river.

The Briar Patch Gold Mining Co. has, we learn, purchased the John Spriggs water power on the Amicola river, situated in the northern portion of Dawson county, and will begin at once a survey of a canal to convey the water to the gold fields of Lumpkin and Dawson counties.—Advertiser.

Since the rain has washed out the cut at the Singleton the vein is a beautiful sight to look at. The vein at one place is twelve feet broad and gold can be seen in it clear across the cut. It is certainly rich and the new Standard Co. have a right to feel proud of this valuable property which has recently become into their possession.

Our town has been alive with miners this week. J. W. Adams, president of the Consolidated, returned from Chattanooga Wednesday and met some northern gentlemen here who came to transact some importance business, being F. G. Breyman, J. N. Ashley, F. C. Well, F. G. Thomson, W. E. Hellock, of Toledo, Ohio; Chas. E. Munson, of Columbus, Ohio; S. W. Satterfield, F. A. Adams, J. G. Rosenthal, of Delaware, Ohio; Thos. Swain, of Detroit, Michigan.

A number of hands are now at work on the Crown Mountain property cutting the timber and clearing the way for the main flume line from the mill site to the base of the mountain. An engineer and hands are also engaged in establishing lines and getting everything in readiness for development of the Seabolt water power. Prospecting is continued with good results. Another good vein was discovered yesterday, while

not as rich as some will pay to handle. The managers are moving slowly and are very careful so that every dollar of the company's money will be "placed where it will do the most good." Before the end of the week a much larger force will be put on other parts of the property.

The Standard Gold Mining Co. met last Wednesday evening at the company's office in Dahlonega and elected the following officers, to-wit: J. W. Adams, president; Geo. H. Breyman, vice-president; R. G. Thomson, secretary and treasurer; H. D. Ingersoll, general manager. Board of Directors: J. W. Adams, of Chattanooga, Tenn.; Geo. H. Breyman, of Toledo, O.; Frank G. Thomson, Toledo, O.; banker and broker; H. D. Ingersoll, Dahlonega, Ga.; resident manager of mines; F. E. Adams, Delaware, O.; formerly president Ohio Wesleyan University; R. C. Thomson, Dahlonega, Ga., secretary and treasurer Consolidated G. M. Co.; J. G. Rosenthal, Delaware, O., secretary Delaware Electric Light and Power Co.; Mark Hopkins, St. Clair, Mich., capitalist and vessel owner; Wm. M. Fisher, Columbus, O., wholesale merchant. The officers and directors of this company are men of money and brains and full of vim and energy as has already been shown by their actions in this county. They are also connected with the Consolidated Co., being officers and directors of both. The company is in fine shape and are opening the eyes of the people by their manner of transacting business every where, and we have the utmost confidence in their undertaking.

Keep The Children in School.

As the scholastic year is now nearing its close it is opportune to suggest to the parents the importance of keeping their children in school up to the very last day. There is sometimes a disposition on the part of pupils to wish to "drop out" a month or six weeks before the close of the term, and this disposition—a form of "spring laziness" perhaps—is often indulged by the parents of such pupils. This desire on the part of the pupils and indulgence on the part of parents comes from a false idea on the part of both that the most important part of the years work has been accomplished and that pupils will not lose much by thus leaving school before its close. This idea might possibly hold with an ungraded school, but in the case of a graded school it is quite different. Let the parents bear in mind that our graded school affords steady and continuous progress to the pupils, if the proper conditions are complied with, but not otherwise.

The remaining part of the school year is paramount by the most important part. During this time the pupils will be giving a general review of the entire years work, the final examinations will be held on which the advancement of pupils into higher grades will largely depend, and on the last day of school certificates of promotion will be awarded to those whose works and attainments have entitled them to promotion. No promotion will be awarded unless pupils are in school at its close—except in cases of providential hindrance in which case pupils must take the examinations next fall—and no pupil will be advanced in grade next year unless he holds a certificate of promotion. These requirements are essential to a graded school course. It is hoped therefore that parents will realize the importance of requiring the attendance of their children to be regular and continuous up to the very last day.

J. W. MARTIN, Principal.
Fresh line of the nice candles ever brought to Dahlonega at The Gurley Drug Co.

The twin babies of Geo. Edmondson died last Wednesday night in Crumby's district. They were a week old and there was only an hours difference in their ages.

Speakers' Places.

The annual contest by the students of the N. G. A. College for speakers' places for the contest at commencement time, was held at the college chapel before the members of the Faculty last Friday, lasting all day. Some very good work was done; and, with the training that will be had before the final contests, some interesting exercises may be expected at commencement. Ten were selected from each of the classes, excepting the senior and junior, as follows:

Sophomore class: W. H. Berry, J. H. Byers, A. P. Bell, Miss Maggie Crissan, W. O. Flemming, A. S. Ham, P. J. Horton, W. B. Howard, G. W. McCleskey, Carl Shutz.

Freshman Class: J. C. Barnes, Miss Jennie Byers, C. W. Bond, Miss Lizzie Castleberry, W. T. Farrer, Miss Blanche Gurley, R. P. Nunn, I. O. Parker, F. C. Powell, L. P. Sosbee.

Sub-Freshman A class: Miss Birtie Castleberry, C. C. Cole, W. F. Chumbe, J. J. Jeffries, H. L. Newton, H. L. Palmer, William Rhodes, W. A. Richards.

Sub-Freshman B class: W. P. Barton, R. A. Byers, H. S. Crawford, J. T. Edwards, L. H. Cochran, W. S. Grant, H. H. Hinton, E. S. Smith, N. L. Terrell, Miss Lena Palmer.

Neglect of Home Education.

We come now to consider one of the most important features of the christian home; as a school for the education of character. There we receive a training for good or for evil. There is not a word, nor an emotion, nor an act, nor even a look there, which does not teach the child something. The stream of our existence first forms the channel, and then the channel rules, guides and controls the current of the stream. The deeper the channel is wrought, the greater is its moulding and controlling influence over the stream, but, what is home education? It is the physical, mental, moral and religious development of the child. Home training does not, therefore, consist of simple information, but it is a nurture of body, mind and spirit. From this we may infer the frequent mistakes of parents, in substituting mere book learning for a training up a nurture dealing with their children as if they had no faculties and making the entire education of their children mechanical and empirical. Home training involves the development of all their faculties as a unit and in their living relation, causing the body to move right, the mind to think right, the heart to feel right, and the soul to love right. If you do not educate your children in the truths of nature and religion, be assured he will become trained in falsehood and in the ways of Satan. Parents indulge their children too much. What indeed can we look for but wretchedness, when parents indulge, and fail to do their duty toward their children? Will you not have to answer to God for all this? In the morning of their life sow the seed and God will give the increase, and then in the day of judgement your children will rise up and call you blessed. Parents, give your children a good fireside education as well as a college education. God has given the mind and intends that we should develop and cultivate it. A good education used with right motives and purposes in a divine alchemy which turns all the baser parts of man's nature into gold.

Without entering further into details it is enough said that if you "train up a child in the way he should go" and when he is old he will not depart from it." C. P. S.

In almost every neighborhood there is someone whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever opportunity offers, hoping that it may be the means of saving other lives. For sale by The F. W. Hall Mide Co.

The One Day Cold Cure.

For colds and sore throat use Chamberlain's Cough Remedy. Easily taken as candy and quickly cures.

SGROFULA AND ITS AWFUL HORRORS

Johnston's Sarsaparilla

QUART BOTTLES.
A MOST WONDERFUL CURE.

A Grand Old Lady Gives Her Experience.
Mrs. Thankful Orilla Hurd lives in the beautiful village of Brighton, Livingston Co., Mich. This venerable and highly respected lady was born in the year 1812, the year of the great war, in Hebron, Washington Co., New York. She came to Michigan in 1840, the year of "Tippecanoe and Tyler too." All her faculties are excellently preserved, and possessing a very retentive memory, her mind is full of interesting reminiscences of her early life of the early days of the State of Michigan and the interesting and reliable people she has met, and the stirring events of which she was a witness. But nothing has varied and manifold recollections are more marvellous and worthy of attention than are her experiences in the use of JOHNSTON'S SARSAPARILLA. Mrs. Hurd inherited a tendency and disposition to scrofula, that terribly destructive blood taint which has cursed and is cursing the lives of thousands and marking thousands more as victims of the death angel. Transmitted from generation to generation, it is found in nearly every family in one form or another. It may make its appearance in dreadful running sores, in unsightly swellings in the neck or groin, or in eruptions of varied forms. Attacking the mucous membrane, it may be known as catarrh in the head, or developing in the lungs it may be, and often is, the prime cause of consumption.

Speaking of her case, Mrs. Hurd says: "I was troubled for many years with a bad skin disease. My arms and limbs would break out in a mass of sores discharging a yellow matter. My neck began to swell and became very unsightly in appearance. My body was covered with scrofulous eruptions. My eyes were also greatly inflamed and weakened, and they pained me very much. My blood was in a very bad condition and my head ached severely at frequent intervals, and I had no appetite. I had sores also in my ears. I was in a miserable condition. I had tried every remedy that had been recommended, and I finally doctor had failed. One of the best physicians in the state told me I must die of scrofulous consumption, as internal abscesses were beginning to form. I at length was told of Dr. Johnston, of Detroit, and his famous Sarsaparilla. I tried a bottle, and more an experiment than I began to grow better. You can be sure I kept on taking it. I took a great many bottles. But I steadily improved until I became entirely well. All the sores healed up, all the bad symptoms disappeared. I gained perfect health, and I have never been troubled with scrofula since. Of course an old lady of 83 years is not a young woman, but I have had remarkably good health. I feel that I firmly believe that JOHNSTON'S SARSAPARILLA is the greatest blood purifier and the best medicine in the wide world, both for scrofula and as a spring medicine." This remarkably interesting story of old life was saved by JOHNSTON'S SARSAPARILLA.

MICHIGAN DRUG COMPANY, DETROIT, MICH.

The Frank W. Hall Mide Co., Dahlonga, Ga.

D. L. Moody said, not long before his death: "Is a man of 62, who is going to live forever an old man? In my estimation he is only about a minute old. If you pick up a paper and read that D. L. Moody is dead, don't you believe it. I have God's promise of long life and I believe it. I may step out of this earthly body but I know that I shall live forever. I don't know how people live one day without the gospel, and I plead with you not to cork up your heart with unbelief and keep out the light and love of God."

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisement in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine for colds and coughs.—The Herald, Andersonville, Ind. For sale by The F. W. Hall Mide Co.

The Athens public school has adopted what is known as the co-ordinate system, by which they concentrate the work and to teach thoroughly several different branches at one time. It is used by many advanced Eastern schools. To illustrate, no spelling books are used; the pupils are given ten words a day. These they take home, learn the meaning of them and next day write on the boards sentences showing the words are understood, spelling, reading, writing grammar, punctuation, and meaning of words all taught at one time.

A good story is going the rounds among the members of the legal profession, but not in Marietta. A man wandering among the tombs of a cemetery in a city was struck with an inscription which read: "A lawyer and an honest man." He was lost in thought, and when run upon by a fellow being, who noticed his abstraction and asked if he had found the grave of a dear friend or relative, said: "No but I was wondering why they came to bury these two fellows in the same grave."—Journal.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages; and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. It is a blood impurity, and is taken into the system, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Hall's Family Pills are the best.

Admiral Dewey now wants to be president and says that if elected he will be the servant of the people.

If you are hunting gold mines and wish to make a safe investment come to Dahlonga.

Smith Clayton very sensibly remarks in the Atlanta Journal: "There is no sentiment in capital. It goes where it can get the best returns. It is not kindness of heart, but hope of percentage, which influences the movements of capital. Big capital is loaned in the south because of heavier rates of interest than it can get where it comes from."

Chronicle special from the City of Mexico says: A duel was fought in the outskirts of the city yesterday by women belonging to prominent families of the capital. Pistols were the weapons, and one of the participants was seriously wounded. The victor and the two seconds on the field of honor have been arrested. The affair has created a sensation.

Remarkable Cure of Rheumatism. KENNA, Jackson Co., W. Va. About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddox insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since. A. Mining Company Organized.

The Pioneer Exploitation and Development Company is organized with W. W. Murray, President, J. H. Moore, General Manager and J. F. Moore Secretary and Treasurer. This company is now ready for the transaction of business. Office for the present in the rear of J. F. Moore's store.

THE Crown Mountain Gold Mining & Milling Co.

A. J. WARNER, President,
J. H. MOORE, Vice-President,
J. F. MOORE, Sec. & Treas.

Capitalized at \$2,000,000. The Par Value of Shares \$100 Each.

Main Office: Dahlonga, Ga.

The Crown Mountain properties are situated in the very heart of the Georgia gold belt and is in the radiating center of all the leading gold veins of the Dahlonga district. They embrace what is believed to be the mother lode of the Appalachian Range.

The extensive and rich ore bodies in sight upon these properties assure long continued mining operations and the indisputable guarantee of the permanent and increasing value of the stock of The Crown Mountain Mining Co.

The projectors of this company were the first to revive the mining interests in this district in 1896. After three years of careful and exhaustive examination of all the mines of the district of reputation as gold producers, and they had the choice of all, they selected the Crown Mountain combination as the ideal gold mine of the district, which would yield or produce the most gold with the least expense. This opinion is shown by all the mining engineers, mining experts, miners and citizens of any standing in the district who are familiar with the properties. As an evidence of this we here state that more of the citizens of the town of Dahlonga and vicinity have taken stock in this company than have in all the other companies combined that have ever been organized in this district.

The company is to be managed by practical business men—who have given much of their time to mining and mining operations, and always with unvarying success.

The present directors are for the most part composed of men who have had much experience in the management of mines and mining enterprises, and under its efficient and economical management, and by reason of a visible gold supply that is practically inexhaustible, an investment in the stock of this company is undoubtedly safe.

The capitalization of this company is not commensurate with the visible productiveness of the properties and is meagre compared with the capitalization of other recently celebrated mines in the district, but the management believe it will be able to make the stock worth above par.

We invite all prospective investors to make a personal inspection of the mines. We also invite them to examine all the other mines in the district—compare the quality and quantity of the ore and the facilities for economically treating the same. We have no fears of where the choice will fall.

Until further notice of advance in prices, the stock of this company will be sold at the minimum rate of \$25.00 per share. For further information apply to J. F. or J. H. Moore, Dahlonga, Ga., or Donovan & McCabe, 10 & 12 West Spring Street, Columbus, Ohio, or Gen. A. J. Warner, Marietta, Ohio.

TO CAPITALISTS AND INVESTORS.

THE Proprietors of the Turkey Hill Gold Mines confidently recommend the above property as equal as a gold mining proposition to any in the state. Do not listen to parties interested in other properties but call at the mines or offices of Dahlonga and investigate for yourself.

mr 30

We recommend that the road be changed and worked that was marked out by the commissioners running by Andrew Heads.

We recommend that a water log be placed in the bottom of the creek below the ford at the John Berry place in Jones' creek district and the ford above filled with gravel and stone.

We recommend that the new road established running from George Cochran to Will Burtis will be worked out at once, the same being marked out by the first survey.

We recommend that the new road near James Andersons be established as the public road in Porter Springs district.

We recommend that the district line be established between Dahlonega and Cane Creek district near the chopped oak on the Cooper's Gap road, and said road be worked by the public road hands of said district.

We recommend the road changed on the south west side of G. G. Evans, intersecting at the public school house.

We recommend that the ordinary paint the iron of the bridge at Leather's Ford.

We recommend the appointment of Joseph E. McGee, Goodman McGuire and Frank W. Hall as finance committee.

We recommend that the ordinary sell the lumber and nails furnished to build bridge across Jones' creek at the John Berry place, as the hands have failed to build said bridge according to former agreement and turn the proceeds over to the county treasurer.

We recommend the election of W. P. Price to succeed himself on the County Board of Education and John B. Simmons to fill vacancy caused by expiration of Robert L. London's term.

We recommend that a pension be allowed Moses Philyaw and John L. Gamlin, it having appeared to us that they are both in destitute circumstances and unable to do manual labor.

A petition signed by a great many citizens has been presented to our body asking us to recommend the erection of a bridge at Neisler Ford, which we feel would be beneficial to the county, but we do not feel justified in recommending the same at present, owing to the present financial condition of the county.

We recommend the payment of the ordinary's account for past 12 months of \$93.10.

Our pauper home was visited by a committee appointed for that purpose, who reported the farm in good condition, the buildings needing some repairs. We find the following property, &c., on the farm: 50 bushel of corn, 425 bundles fodder, one load of shucks and hay, 40 or 50 lbs. of meat, 7 or 8 gallons of syrup, 15 lbs. tobacco, 21 bushels of peas, one cow and yearling, one sow and six pigs, 28 chickens, one wagon and harness, one set of farming tools, 2 sacks of guano. Total value \$122.50. Also one inmate at the home.

We recommend that the per diem of jurors be \$3.50 per day for this year.

We recommend that these presentments be published in the Dahlonega Signal and the Dahlonega Nugget.

In taking leave of his honor, Judge J. B. Estes, we thank him for his kindness and courtesy shown this body.

We also return our thanks to the honorable W. A. Charters, our present solicitor, and recommend him as a faithful and able officer.

We also thank our bailiff, L. B.

Walker, for his many attentions shown this body.

Hiram D. Gurley, Forman.

George W. Cochran, Tilman Davis, Thomas Davis, William H. Early, Andrew J. Edge, Charles M. Furgeson, John R. Graham, James K. P. Head, Marion G. Head, John Huff, Jonathan A. Hatfield, Samuel Jones, John Lingorfelt, Joseph E. McGee, Goodman McGuire, William H. Reid, John H. Redmond, Joseph B. Swancy, Reubin J. Satterfield, William H. Satterfield, James B. Waters, Noah White.

(Supplement A.)

April 14, 1900.

To the honorable grand jury of said county:

We, the Finance Committee beg leave to make the following report:

We have examined Sheriff Davis' books and find them correctly kept. We find the amount due sheriff at last report of \$180.87 Has been paid except..... 14.00

Disallowed by ordinary.....\$166.87 We find sheriff's expenses since last report..... 413.75

Received payment.....\$580.62 By co. order to the amt't of 579.92

Balance due sheriff..... 70

We have examined Clerk Wallace's books and find them in good shape. We find the amount of insolvent cost at last term to be.....\$522.15 Fines imposed and collected at last term of court. 356.00

Balance unpaid.....\$106.15

We have examined Ordinary Tate's books and find them correct.

We have examined Co. School Commissioner J. J. Seabolt's books and find them correctly kept. Balance on hand at last report.....\$ 28.29 Received since last report 6061.32

Total.....\$5089.61

Properly paid out..... 3982.40

Balance on hand.....\$1107.12

We find J. F. Sargent, T. O., has made a full settlement with the ordinary for 1899. His account shows that he has collected from taxes returned for 1899 the amount of.....\$4,587.63 Collected on take ins..... 95.07

.....\$4,682.70

We find that he has collected from insolvent fi. fas

For 1896.....\$ 4.71

For 1897..... 9.04

For 1898..... 8.67

J. H. JESKINS.

Lumpkin Superior Court, April Term, 1900.

The foregoing general presentments are ordered to be received and spread upon the minutes. Ordered further that same be published as recommended by the grand jury.

Done in open Court this 19th day of April, 1900.

J. B. ESTES, J. S. C.

W. A. CHARTERS,
Solicitor General.

We notice that the grand jury last week recommended some parties in this county to be paid a pension. This was useless, as the law requires the pension agent to take the evidence only of witnesses of comrades who were with applicants, and not what a sympathetic jury may desire. The law has been fixed so a jury can have a pension discontinued where the soldier is not entitled, but it cannot have a pensioner put on the list. Very often the pension agent is censured for not allowing pensions when he ought not to be. We have been told of certain soldiers that made an effort to get a pension who probably had deserted a day or two before the surrender, which was not known to or few. They wouldn't apply to the officer who knew these facts but would go to some soldiers who were not aware of their desertion and get what they believed was sufficient proof for them to draw some of the states money, but it was no good. The pension agent has a record of all these desertions and knows exactly what he is doing.

F. H. Kennedy, of Asheville, N. C., who has been engaged in the real estate business in Dahlonega since about the first of last August was admitted to the bar here last week. Mr. Kennedy held license for the practice of law in New York State, but wanted to be prepared to do legal business in Georgia should he see proper to do so.

Parties desiring local notices will please remember that we cannot publish more than one at a time for one merchant. You can write them so as to include all you want in one local. We cannot afford to have about every other paragraph an advertisement for love nor money.

New subscribers continue to come in. We will give you our April list next week.

The One Day Cold Cure.

Cold in head and sore throat cured by E. M. Mott's Chocolate Laxative Candy. As easy to take as candy. "Children cry for them."

THE NUGGET.

DAHLONEGA, APRIL 27, 1900.

Entered at the Dahlonega, Ga. P. O. as Second Class Matter.

After Col. W. F. Findley returned home from Dahlonega he announced himself a candidate for the legislature from Hall county.

The spring term of Pickens Superior court has been postponed on account of small pox being in the county and the backward condition of the farmers.

The gubernatorial and other contested cases in Kentucky are now pending in the United States Court and are set for hearing next Monday of this month. It will not be long until Kentucky will know who is her governor.

News reaches us through Monday's dailies from Manila that last week's work finished 1,000 insurgents while the total loss of the Americans was nine killed and sixteen wounded. Who believes such a report as this?

The field is full of candidates in every other county in the state except Lumpkin, that is if there are any they are too tenderfooted to announce. It may be that men will have to be imported here to hold the offices yet.

Those who neither take the paper nor borrow one will doubtless be very much alarmed when the sun gets to be in a total eclipse on the 28th day of May. It might be a good time for the preachers to start a revival then.

The politicians of New York city are puzzled. A thirty-five million dollar contract has been awarded in that city, and so far as they can learn, there is no political job in it. Such an event is almost unknown to the department of public works in New York, and it is perfectly natural that the politicians of all factions should be surprised to know that such a thing as real honesty had developed in their midst.—Columbus Sun.

If this Philippine war is over, what does this killing of Filipinos by the hundred in battle mean? asks the Philadelphia Ledger. It simply means that the administration has made an effort to deceive the country into believing that the war was over, when as a matter of fact, the rebels seem to be about as strong and active as ever. Our soldiers still have a hard task before them, says the Columbus Sun.

It seems that some parties in Lumpkin county are getting so hungry for an office that they are willing to make most any kind of a promise so as to get a little assistance. One told a printer the other day if he would do all he could for him for sheriff, if elected he would give him all the legal advertising. We have heard of congressmen selling out but never know of a would be county officer trying to trade before.

The vacancies on the board of jury commissioners of Lumpkin county were filed by Judge Estes last week, and the board now consists of the following named persons-to-wit: W. H. McAfee, W. G. Spencer, J. N. Christopher, B. F. Satterfield, W. H. Early and Geo. W. Cochran. They will meet and revise the list commencing on the first Monday in August next, and at the same time draw a jury to serve at the fall term of Lumpkin Superior court.

General counsel of several land grant railroads, met in Chicago last week and decided to bring suits against the United States government for the recovery of the amounts of money which the railroads claim are justly due them for the transportation of troops during the last two years. They will claim that the carrying companies were entitled to regular first class rates from the soldiers, notwithstanding the comptroller of the treasury's ruling that the movement should settle for the hauling of the troops upon a party basis.

Mining Notes.

Some northern men were here last Friday looking over the ground with a view of putting in a bid for pumps, dynamos, etc., for the Crown Mountain Gold Mining Co.

W. B. Fry is up on the head of Chestate river this week making a survey at Seabolt falls to determine whether they will cut a ditch around the mountain or cut a tunnel some eight or nine hundred feet through it to secure power for Crown Mountain Gold mine.

Robt. S. Disney has been here several days accompanied by E. T. Stertevent, of Chicago. This is Mr. Stertevent's first visit, who came to see the Briar Patch and other properties, and it is likely that he will invest heavily in Briar Patch as he is very much pleased with it.

Some days ago an electrician who was down at the Singleton mine secured a nugget and sent it back to a relative of his who was preparing to go to the Klondike region in search of gold. In a few days a letter was received from him stating that the Georgia mines were good enough and that he would come to Dahlonega.

The Consolidated Co. purchased half a dozen large mules this week to use about the mine, it having been impossible for them to get the number of teams necessary since farming commenced. The rainy weather last week and the first of this was very unfavorable and a draw back to all mining work but we hope now it has become more settled so that every thing can be pushed forward without any further delay.

J. F. Moore's lease on the Singleton mine expires next Monday and the same goes into the hands of the Standard Gold Mining Co., who will begin at once preparations for a modern stamp mill of 120 stamps. Mr. Moore has been operating this mine for several months—using an old fashion mill with 20 stamps and made big money. And now when it is to be operated by larger and better gold saving machinery much larger quantities of gold will be gathered.

A visitor to Dahlonega last week after spending some time in looking around at the various mines, said that he had been all over the west and elsewhere and had seen nothing to compare with those of Lumpkin county. This is the verdict of all who come here. Strangers everywhere are surprised at the quality and quantity of ore found here. Even our native miners are surprised to some extent, for the money was not here to develop the property until our northern friends commenced operation recently.

The water in the Hand canal reached the 1,000 foot tube a while before sun down Wednesday and made its way through in four and a half hours, bursting just one band where the pressure is 180 feet. When the water first struck the tube it forced its way out through the cracks in every direction from twenty to thirty feet distant and was certainly a beautiful sight. The water will reach the reservoir to-morrow if no accident happens. The water is now running through 18 miles of ditch and 1 3/4 miles of tubing.

Another big mining company has just been organized for the purpose of operating in White county, by capitalists of Michigan. The company was incorporated under the laws of Michigan, and is known as White County Gold Mining Company Limited, capitalized at \$500,000 divided into 500,000 shares of par value of \$1.00. A limited amount of stock will be offered at twenty cents per share—American Exchange National Bank of Detroit will accept subscriptions. The officers of this company are Frank D. Andrews, president, C. J. O'Flynn, Secretary; Hermann Dey, treasurer. All of Detroit Directors: R. C. Reor, of St. Clair; L. S. Larrabee, of Detroit. Some of these parties have interests in

Lumpkin county which shows that they have great faith in Georgia gold mines. This company will begin at once the erection of a 20 stamp mill on their property known as the Thompson lot where the ore is valued at \$12.00 per ton. Two shafts have already been sunk on this lot to a considerable depth—one being 110 feet deep and the other 60. The contract for the machinery has probably been let by this time, which they hope to have in operation in about ninety days.

Prof Yoates, state geologist, whose last visit to Dahlonega was only a few weeks ago, after giving a lengthy description of the Hand plant and mine generally in Sunday's Constitution, finished his article as follows: "The company has wisely provided itself with well trained and experienced men from mines in the west to be the heads of each department of work, and on their energy and ability must largely depend the success of the enterprise. Not the least astonishing feature on the occasion of my visit was the condition of the two mining properties which I had examined in the summer of 1898. The hills had been extensively cut away in the mining operations, and immense piles of ore had accumulated here and there, besides an enormous quantity which had already been stored in the reserve bin, or ore yard. It was estimated that 40,000 tons of ore had been taken out ready for the mill; and the ore in place seemed to be abundant. Great ore development had taken place since my survey was made and a large force of men was still engaged at the various openings. Looking to deep mining, a shaft near the mill on a promising vein had recently been started to be sunk 500 feet before work on it should be suspended. As to the quality of the ore, I should think, from what I saw in the various ore piles, that it was fair average. In conclusion, I see no reason why success should not attend this enterprise, equipped, as it is, with the best of modern appliances, which will insure the mining and extracting of the gold at the least possible cost and with the minimum loss of the precious metal."

We have always taken pride in writing about any new enterprise starting up—mining or anything else, and try to keep our readers posted, especially when it is one which concerns and benefits the whole country like the Crown Mountain gold mine, preparations being made now to work the same. What every body says must be true, and every body says that Crown Mountain is one of the biggest gold mines in Georgia, and to make it a great gold producer it only requires about 100 miners inches of water on its top. The company are preparing to put this amount of water on the top of the mountain with electricity generated by water power owned by them. The pump site to be located on the Chestate river from which river the water will be taken. We are told by Georgia miners of experience in whose judgment we have the utmost confidence that 100 inches of water put on the mountain and flume lines put up from the mine to the mill that the gold which will be deposited in the flume lines will pay all operating expenses of the entire plant under economical management, leaving the entire output of gold from the mine (including concentrates) as profit, and that such will be the result so long as the ores in the saprolite belts can be washed with water into the mill, and that there is pay ore enough practically in sight which can be washed to the mill site to keep a 100 stamp mill supplied with ore 15 or 20 years. If that is true Crown Mountain is a most wonderful gold mine and bound to pay large dividends on the capitalization. Capt. John Huff, known to us to be entirely reliable, was superintendent of the Barlow mine for about 17 years and from him we learn that the gold taken from the flume line at that mine paid all operating expenses, and that all gold taken

from the mill was profit. He also states that two-thirds of the gold produced was taken from the mill. The Barlow mine was a saprolite belt and was mined and milled with water in the same way that Crown Mountain ore is to be worked. The Barlow mine was the best paying mine ever worked in Georgia and perhaps produced more gold in the 17 years it was worked than any mine on the Appalachian range. In the opinion of Capt. Huff the lodes of saprolite ore on Crown Mountain are much larger and richer than at the Barlow. In the light of these facts this mine is little less than a Vanderbilt bonanza.

New Discovery.

In the hills 17 miles North of Dahlonega a large vein of quartz which assays to be worth as much as the average ore in the Dahlonega gold field, has been discovered besides numerous other properties. This is an undeveloped section and the property can be bought now at a low figure. For further particulars address

D. L. PITNER,
Dahlonega, Ga.

The grand jury favored the building of a bridge across the Chestate river at Neisler's Ford, they said, had it not been for the condition of the county treasury. There was more than fifteen hundred dollars in the treasury at the beginning of court, which is much more than has been in it at any previous court for many years. Not only this. There is a better chance of getting more money in it this year with less assessment on the one hundred dollars than has been at any time since the war. Isn't this true? Some say we won't need this bridge if we get a railroad to Gainesville. How are we going to get those people across the river living over there, and it comes via. Auraria? So according to this we won't need a bridge in any direction from Dahlonega when we get a railroad. When Lumpkin's citizens want to come to Dahlonega they must meet at Gainesville and get on the train there. This will be very convenient (I) for those who live in different directions to that where the road will run. This is not neighborly by any means.

GRANDMA HAD CONSUMPTION

and I am afraid I have inherited it. I do not feel well; I have a cough; my lungs are sore; am losing flesh. What shall I do? Your doctor says take care of yourself and take plain cod-liver oil, but you can't take it. Only the strong, healthy person can take it, and they can't take it long. It is so rich it upsets the stomach. But you can take

SCOTT'S EMULSION
It is very palatable and easily digested. If you will take plenty of fresh air, and exercise, and SCOTT'S EMULSION steadily, there is very little doubt about your recovery. There are hypophosphites in it; they give strength and tone up the nervous system while the cod-liver oil feeds and nourishes.

See and Buy at all druggists. SCOTT & BOWNE, Chemists, New York.

City Tax Notice.

Notice is hereby given that the books of the tax assessors of the city of Dahlonega will be open at the office of H. D. Gurley from the 10th of May until the 10th of June for the purpose of receiving returns on personal property. This April 24th, 1900.

H. D. GURLEY,
W. H. McAFEE,
City Assessors.

An Old Idea.

Every day strengthens the belief of eminent physicians that impure blood is the cause of the majority of our diseases. Twenty-five years ago this theory was used as a basis for the formula of Brown's Iron Bitters. The many remarkable cures effected by this famous old household remedy are sufficient to prove that the theory is correct. Brown's Iron Bitters is sold by all druggists.

MINERAL PROPERTY FOR SALE.

I have in my hands for sale several first class Gold Mining Properties. Correspondence solicited.

THE NUGGET.

DAHLONEGA, APRIL 27, 1900.

The Burnside House will hereafter be known as the Dahlonega Hotel.

Our farmers are considerably behind with their work on account of so much rain.

Miss May Quillian, of Land Ga., is here on a visit, the guest of Mrs. B. R. Meaders.

Mrs. Joseph Allen is very sick, being so dangerous that her sister was summoned from South Carolina.

J. M. Brookshor is having his residence, recently purchased from Mr. Jarrard on Park street, touched up by the painters brush.

We were kindly remembered by many of our old subscribers as well as new ones last week, for which we return our thanks.

Some of the laborers down at the Hand mine are putting in extra time now and everything is being rushed to get the water on.

There is no prettier town in Georgia than Dahlonega now since the hundreds of maple trees along the side walks have donned green suits.

Col. Charters and his son Price have both been sick this week. The Colonel is up and out now but his son is quite sick with pneumonia.

New furniture is being received at Halls Villa and the doors of this well known hotel will be thrown open again to the public in a few days.

Several of the stockholders here of the Dahlonega C. G. M. Co., will attend the annual meeting of this company at Toledo, O., next Wednesday. The annual meeting of The Crown Mountain G. M. Co. convenes in Dahlonega the same day.

The painter is brushing up Judge Tate's new store house and dwelling which makes them have a very attractive appearance just now. The upper floor is cut up into nice offices, about all being filled, making it have a business appearance generally.

Some parties amused themselves last Sunday firing off their pistols and annoying the people residing up on Cavanders creek which will receive the attention of the next grand jury, if a gentleman who was talking to us the other day carries out his intentions. It is strange that some people can't behave themselves without being forced to do so by law.

Largest and best assortment of ready mixed paints of any house in the city at The Gurdy Drug Co. which is the place to go to save money. Also 500 gallons "Crown Brand" linseed oil at 60 cents per gallon. Then if your eyesight is failing you so you can't see this beautiful paint when it is put into use the Company keep Hawks spectacles and eye glasses at half price—\$1.25 per pair.

At last the city council has had a lot of bills printed and posted up notifying all citizens to keep things clean about their premises else they will be fined. The only way for the sanitary condition to be put and kept in proper shape is to levy a sufficient tax to hire a man to run a scavenger wagon. There has already been enough money thrown away for a night watch to have had our city in tip top shape now had it been used for this purpose.

They are now putting the finishing touch on the tubes of the hand canal and before another issue of this paper the electric lights will likely be ablaze and darkness turned to light in the prosperous Golden City of the mountains. The present system of lighting up the city has been very unsatisfactory. Some of the street lamps are not lit at all while others are lit up an hour before sun down and a portion of them burn all night and half the next day.

John Robinson has been awarded the contract of building Smith Bros. dwelling in Dahlonega.

Mr. Castleberry has had his hands full for some weeks running both the Hall and Burnside houses.

Now is the time to announce your names if you wish to make the race for an office in Lumpkin county.

The Superior Court adjourned on Thursday afternoon of last week after transacting a large amount of business.

Improvements are still going on in Dahlonega on every hand, except street and road work, and several new buildings will soon be ready for occupancy.

The Consolidated Co. are having the Gaddis house across the street from H. D. Gurleys, repainted and put in good shape, which will be ready for occupancy soon.

We noticed a "mover" who appeared in Dahlonega last Monday, fully prepared to meet the occasion. He had a tent which he pitched and is now a citizen of Dahlonega.

The ladies hats have gotten to be so large now that the ministers will have to occupy a gallery instead of a pulpit if they are seen. This gives many a good excuse for not attending church especially on collection days.

Judge Estes is going to get after defaulting witnesses with a sharp stick. He fined them from \$20 up to \$50, and a good showing will have to be made at the next term of the court else this money will be required.

B. R. Meaders & Sons have just returned from Atlanta with a lot of driving and saddle horses which they will hire at reasonable prices. Furnish all calls day or night. Fording transient a specialty. Give us a trial.

Some of the Consolidated Co's. hotels will soon open out. The managers and cooks are already here and in a short while you can get lodging at your own price from \$1.50 per day up to \$3. The latter price we understand will be the fare at the large hotel.

Some of the indulgers in Dahlonega are now using the extract of lemon for liquor. Each bottle contains about a table spoonful of alcohol to preserve it and a bottle costs ten cents making it a pretty expensive drink. But it is said that three bottles will cause one to get on a swell.

The early gardeners have trouble on their hands already. Their Irish potatoes had not much more than peeped out of the ground until they were covered by the greedy potato bug which has as good an appetite as a drunken man at a corn shucking when the slice potato pie is put before him.

James London, Sr., residing near New Bridge, was somewhat surprised the other morning to hear his clock strike after being silent for a long number of years. It is an old-fashioned time keeper and just as the family sit down at six o'clock to eat breakfast it struck that many times. Its strange movement cannot be accounted for.

Latter part of last week a charter was granted the Dahlonega and Gainesville Telephone Co., who propose to string the wire via Auraria. Now it is to be seen whether our city council will grant them the right of entering the incorporate limits or not, as some of them have been thinking that it would injure the other line and in the course of time cripple both.

It is the intention of the teachers and pupils of the Graded School to give a very attractive entertainment about the first week in May, preparations for which are now being made, for the purpose of securing money for the purchase of a library for the school with the hopes of having some left to finish paying for the organ. The teachers will appreciate the co-operation in this work of the school patrons and all others who feel and interest in this institution of learning.

If you want a mine in Dawson county read an ad. elsewhere.

It is a violation of law to rob birds nests but still some of the Sunday School children are engaged in it.

The grand jury did a considerable amount of business in four days including the returning of 22 true bills.

The cadets this week commenced target practice for a gold medal which is to be awarded commencement.

Yesterday being memorial day quite a number went out and decorated the soldiers' graves as has been the custom for many years.

Miss Mariah Newkirk, after a visit of a few days here to her brother J. F. Newkirk, left for her home in North Carolina last Wednesday.

We understand that the first services will be held in the new Presbyterian church at this place next Sunday by the pastor Rev. Mr. Simpson.

The court held full four days last week and we believe the last business done was the acquittal of John Hester, the blind man, charged with stealing a copper plate.

Merchants Anderson and Jones leave their plow sign out every night which shows there is no thief wanting them. They will steal a dozen and a half of chairs at a time but plows are not wanted. There is no pleasure nor comfort about the latter.

J. Tate knocks the bottom out of flour. Celestial patent 69, Supreme patent 55, Rose Bud 50. These are cash prices. Have one thousand pounds at above prices. Also coffee and sugar. Sugar 16 lbs. \$1.00. Best green coffee 15 cents per pound. Good green 12 1/2. Arbuckle 12 1/2.

W. C. Crow was tried last Wednesday and found to be a fit subject for the lunatic asylum. The old man has tried several times to take his life. First time he cut his throat, then he tried to end his life by sticking a ladies hat pin in his throat, and on Wednesday he struck his head a time or two with a sick of timber, and got so he couldn't be controlled and his relatives had to take this step so as to save his life.

Several here signed a petition last week asking Gov. Candler to pardon Joe Barner who is serving out 12 months sentence in the chain gang for stealing a copper plate from the Mary Henry mill some time ago, and at the same time they were trying to convict a blind man for the same offence and on the same occasion, trying to get an able bodied person out of the chain gang and endeavoring to put a blind man in—all going on at the same time.

We understand that preparations are being made by the city council to force all the porches and other obstructions from Meaders' corner clear on to Rices shop to be removed so as to make Clarkesville street 70 feet wide, while some of the parties speak of employing leading Gainesville attorneys to investigate the matter before it is done. It is said that the Inferior Court of many years ago granted citizens permission to build their porches on the street. Now whether the present council can make a change without paying damages we are not lawyer enough to say.

The case of Head vs. Head, carried to the Superior court from the Justices court, will go on up to the Supreme court. This case originated from a cut off made to satisfy some who favored the stock law and to give them the benefits. It is claimed that the cut off in question was not legal and when one Head impounded his brothers hog for running at large the suit commenced. Judge Estes seemed to think that the cut off was not strictly in accordance with law but still held that they had a right to impound the stock. Col. Lilly is carrying the case up for his client and it will be watched with interest.

Dr. Crayens left for Chicago last Tuesday to be gone some ten days on business for his mining enterprise.

Examine the dates on your paper and if they are not correct let us know. We are making a change so as to be able to use our mailer and might make some mistakes in setting up dates.

There are some merchants advertising goods cheaper than they will sell them. But you can get good country Irish potatoes at G. McGuire's at 80 cents per bushel, and good country hams at 10 and 11c. If you don't want hams or potatoes you can get a straw hat or an umbrella below cost, or a plow or plow stock at the same old prices. Also fresh oat meal flakes, salad Mexican Mullet, pickles, etc.

Last Sunday it was reported that a man had been shot up on Cavenders Creek, but an investigation proved it to be a false alarm. The latest report is that it was only a little spat between Frank Weaver and a fellow named Smith, during which one made a right good size mark on the others chin with a ground biscuit. Cavenders Creek is not incorporated and neither one will have to pay a fine of one dollar and cost.

Those needing colored crayons can get them at Copelands for only 5 cents. Also pocket dictionaries containing all parliamentary rules and much other useful data. If you want nothing in the above line you will find there fresh confectioneries. Also white beans at 34 cents per pound. Fresh yeast, shredded cocoanuts, Baker's chocolate, early June peas, dried apples, etc. And last and probably the least, he keeps fish hooks of all sizes.

We have often said that it is a bad time for preachers to add much to the cause of religion by undertaking to get up a revival on court weeks and last week clearly demonstrated it, for if a member of the church gets out of harness it generally occurs at a public time, or if one is ever guilty of conduct unbecoming a member it usually leaks out during court week and everybody finds it out. When the man and his wife had to take their beds caused by the use of too much liquor it was bad enough, but when a woman came to town and went before Esq. Worley and swore that a certain man was the father of her child if not two, it capped the climax. If persons can act this way and remain in the church it is a big draw back to religion.

As stated in our last issue a protracted meeting was commenced at the Methodist church here last Sunday one week ago. The pastor worked earnestly but didn't make much headway. It was court week and people seemed to have something on their minds except either meetings or religion. The Lord didn't seem to be favorable towards the meeting in the beginning for He caused the rain to fall and close it out for a few days. When it cleared up the faithful minister resumed his work. Then but few members seemed to take any interest in the meeting. Sunday came and those not having any excuse for not going to church had to attend to keep from feeling bad the next time the good man came round. He got after them for not coming to assist him in this good work and talked to them in such a manner that they will be apt to remember what he said a long time. So the meeting is going on now but we don't expect much headway will be made for there has got to be a revision made in the church list or something else done before much good can be accomplished. Some of the church members don't seem to have any confidence in each other. Not long ago after one returned from church he said that he felt satisfied that the mans prayer he heard that day didn't go higher than the ceiling of the church. If things are in this shape and they have members of that sort what inducements are there for any body else to join?

Christian Wahl, of Milwaukee, was down again this week shaking hands with his numerous friends in Dahlonega.

The weather was so disagreeable last week that Capt. Hall and his family didn't return from Gainesville until Tuesday.

It cost Dock Wheelock col., a little over one hundred dollars for carrying up a young man named Stringer while drunk, at a supper some time ago.

Williams & Son now have their milk wagon running from the farm supplying all who desire fresh milk and butter. This is another new enterprise.

We own, or our better half does, a hen that has been laying every day and Sunday too, since Christmas. We think this faithful old chick should take the premium.

As soon as some of the farmers found that fodder had reached the \$2.25 notch, they hauled a large quantity of it to Dahlonega Monday, causing a decline in the price.

Judge Brittain and G. McGuire exchanged property this week, the Judge taking the building owned by Mr. McGuire on College street below the old Kilgo house, which will hereafter be his home. If McGuire does not trade the Judges old house and lot he will repair the same and put it in good shape.

Last Monday two Mormon preachers arrived in Dahlonega for the purpose of preaching but after canvassing the city to some extent found no encouragement and left out for the country the following day. There are already too many that are dissatisfied with one wife, according to the court records, without any addition being made to the household.

Produce is high in Dahlonega causing the farmers who make a surplus to be quite happy. Sweet potatoes brought 95 cents per bushel from the wagons this week and everything else sold in proportion. The scarcity and good price of produce are causing many to enlarge their gardens and truck farms which we hope will be the means of every body having plenty next season.

We learn that one of the firms in Dahlonega refused to sell certain articles at the prices advertised recently. If this is true we are very sorry of it as it not only injures the business of the firm but also hurts the printer. We do not want any of that kind of advertising, and should we be running an ad. and the man or firm fail to sell at prices advertised we would cancel our contract with them just as soon as we become aware of the fact.

The grand jury didn't forget to give certain persons their attention who had been running level houses in Dahlonega last week while in session. Some of their acts had come under the knowledge of the city authorities before court and the parties concerned caused to pay small fines—and the men were allowed to pay the women's fines without even the latter appearing in court, and then let go. But Judge Estes will act differently if the parties are found guilty in court and when the sentence is passed "every tub will have to stand on its own bottom."

The other day the poor woman returned from the chain gang who was sent from this county six months ago for selling a little liquor at her home in the country nine miles from Dahlonega so as to get a little something to eat for herself and afflicted sister, who is now dead. It's law, but it is hard for this poor woman to have to go and labor six months for this offense under the circumstances when able bodied men are following the business and go unpunished. Even men who served on the grand jury which returned the bill against this unfortunate friendless female have been selling intoxicating stuff that burns up the stomach and creates more hell in one night than this womans pure corn liquor ever did in a month.

A nice lot of type writer paper at this office good and cheap.

Don't let your subscription to the NUGGET run out, but renew and keep it coming.

Quite a number of people who desire to locate here will put up tents and use them until they can do better.

All orders for job work at this office have been filled, and those who have not received their work can send in and get it any time.

We are informed now that Dahlonega will have a steam laundry in the near future, then the boys can have a shirt collar washed without sending it twenty-five miles to Gainesville.

J. A. Howard seems to be supplied with the earliest vegetables raised here of any one in town, and is feasting on lettuce and radishes while the rest of us can only have a mess of wild salad only occasionally.

For some time hotel room has been so scarce here that but few visitors would bring their wives. It will only be a few days longer when there will be ample room for all who may wish to visit our thriving mountain city.

The lot from the colored Baptist church to the Hand plant is all cleared and staked off into town lots ready for the erection of houses by the Consolidated Co. which will be commenced as soon as the necessary lumber can be obtained.

Ladies sleeveless undershirts pretty and cheap, latest styles in ladies belts 23 and 40c., ladies pocketbooks and purses, pretty and fine, fancy handkerchiefs fine 18, white ties 10c per dozen, at B. R. Meaders & Sons, cheap, one price cash store.

All the defendants fined by the court last week settled up except one—Henry Burch, sentenced to 12 months for hiring a horse and failing to return it. He was sent off Tuesday to Herdmont in Elbert county. The county is allowed \$40 per year for him which goes into the treasurer after deducting the costs.

On Friday of last week we had a pleasant call from L. S. Larabee, of Detroit, Mich., who was on his way to White county where he has recently become interested in mining. During his stay here he visited some of the mines near Dahlonega, and may some time in the future make an investment in Lumpkin county.

We have been written to several times asking if we believed that a railroad would be built to Dahlonega this year. We certainly do, for men who are interested and have the money to build it say that it will. All the water power for factories, that can be secured is being bought up, and what better evidence do we want?

We would love to know who it is that authorizes the making of the several mud holes that have been added in Dahlonega recently. You may ask each member of the city council and none of them seem to know anything about it, but on the other hand seem to be opposed to the manner in which the peoples money is being spent. Several hundred dollars have already been expended and only four months of the year is gone and what is to show for it? Maybe in looking about you will find something done near a councilmans house or some church. So it seems that the only way to get a share of the improvements is to be elected a councilman. There never has been as sorry management for years as has been carried on this one. The councilmen realize it. In fact we heard one of them say the other day that he hoped the grand jury would make a report about the roads within the corporate limits so that each member of the council would be fined \$25, and another one said that he was going to resign at the next meeting if a change was not made, and we don't blame them for the time has come when some active work is needed in Dahlonega.

Dahlonega's Bad Sanitary Condition.

Before Judge Estes adjourned court last week he remarked that Dahlonega was building up rapidly and was one of the most prosperous places in Georgia, but stated that the sanitary condition of the city was dreadful bad and we would have much sickness here this summer if we didn't take immediate steps to prevent it. This note of warning comes from a wise man and should be heeded. Let the city council commence at once. The health of the city depends upon their actions. If they continue to move along in the old rut and we all get down sick they will be to blame for it. It is too late to pray after the devil comes. Some people won't clean up their premises unless they are forced to, and if the present council don't feel disposed to have this done they ought to resign and let their places be filled with men who are willing to enforce the sanitary ordinance. This way of sending an official around to inspect with a little slip of paper for the purpose of making a report at the next regular meeting if he doesn't forget it, don't amount to a hill of beans.

Building up Towns.

In one short day a cotton seed oil mill was agitated, meeting held and the money subscribed for a twenty thousand dollar plant. That's the way they do things around Quitman—Quitman Advvertiser.

And that's the way public enterprises should be engineered everywhere. The city, town or village that is not ambitious to become a great commercial or industrial center does not exist. They all have dreams of future greatness, but too few are animated by that spirit of unconquerable enterprise and determination to "pull together" that is the prerequisite to growth and advancement of any community. When town needs a certain industrial or other enterprise, her citizens should get together, stay together and pull together until the desired end is accomplished. Prolonged community discussion of "what we need" or a "chance to attract foreign capital" is seldom productive of results. The town or city upon which the unmistakable stamp of prosperity appears is and whose motto is to "do for itself what it has no reasonable right to expect others to do for it." That spirit has made Atlanta what she is, and it will likewise make Quitman or Marietta or any other town that lives under it great and prosperous. It is the sentiments of the Albany Herald.—Journal.

\$400 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, J. F. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.

Hall's Family Pills are the best.

Six hundred million of people in India are starving to death. Can you conceive of six hundred million? Only five million of them are getting any aid. Queen Victoria is Princess of India and she had best stop spending money on the Boer war and send it to India where parents are selling their daughters for thirty cents apiece.—

In almost every neighborhood there is some one whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever opportunity offers, saying that it may be the means of saving other lives. For sale by The F. W. Hall Mfg. Co.

SEVEN RUNNING SORES CURED

Johnston's Sarsaparilla

THE GREAT SPRING MEDICINE.

JOHNSTON'S SARSAPARILLA is a Blood Food and Nerve Energizer, is the greatest SPRING MEDICINE ever discovered. It comes as a rich blessing from heaven to the "worn out," the run down, the overworked and debilitated. That "dreaded feeling," those "sinking spells," the languor and despondency which arise from badly nourished nerves, from thin, vitiated blood and an underfed body, vanish as if by a magic spell. The weariness, lassitude and nervous prostration which accompany the spring, time and the heat of summer, are conquered and banished at once. For every form of nervous debility of the brain and nerves, insomnia, hysteria and nervousness generally, it is almost a specific. It regulates the very elements to rebuild worn-out nerve tissues. It feeds brain, nerve centers and nerves, calming and equalizing their action. It makes rich, red, honest blood. Newness of life, new hope, new strength follow its faithful use. It makes the weak strong, and the old young again.

It was the antiquated (but now happily exploded) method in the good old times, to treat Salt Rheum, Scrofula, Cancer and other troublesome disorders arising from BLOOD TAIN, with powerful alteratives, such as mercury, arsenic and other mineral agents. It was expected by this treatment that the poison could be killed while the blood was left to course through its channels holding in its circulation the specific germs of the disease. But in this way, every part of the body became more or less diseased. Nothing can be more terrible than a horribly destructive blood taint. It not only attacks variously the different structures of the body, but many times bones are honeycombed and destroyed. It seeps out the nerves and spinal cord, and again it will bring decay and death to some vital organ, as the kidneys, liver or stomach. There is only one scientific method for the cure of blood taint. That is, PURIFICATION! Every particle of the blood must be removed through the excretory channels, the lungs, kidneys, bowels, liver and skin. "First pure, then peaceful." The great restorative, reconstructive and health-giving blood, JOHNSTON'S SARSAPARILLA, not only radically and exhaustively removes the taint, but also removes all mercury, calomel and other minerals, and fills the veins and arteries with the ruby, glowing current of vitality. "The blood is the life." Good health means pure blood. The old and reliable remedy, JOHNSTON'S SARSAPARILLA, is universally regarded as the greatest Blood Purifier ever discovered. This fact is now established beyond question or cavil.

BLOOD POISON CURED BY JOHNSTON'S SARSAPARILLA.

Williams, Davis, Brooks & Co., Detroit, Mich., October 31, 1894.

Chattanooga, Tenn., April 1, 1895. JOHNSTON'S SARSAPARILLA for Blood Poison, caused by an impaction of one of my arms, I had SEVEN RUNNING SORES on my legs. I used two bottles and was cured. I am what you call a "true convert."

MICHIGAN DRUG COMPANY, DETROIT, MICH.

The Frank W. Hall Mfg Co., Dahlonega, Ga.

The Tax Dodger.

Among thoughtful men and in the newspaper of the day we hear and see a good deal about the sin of tax-dodging. We are not up on the cases, but it seems that there are men, and not a few, who evade the payment of just taxes by various dodges. It is hard for us to take this in as a fact, and simply because it appears to us that any one who would act dishonestly in paying taxes would act dishonestly in any other transaction if the way were open; and it is hard to believe that there are very many such people. In this matter, however, not only is the question of common honesty involved, but also that of privilege. We heard a wise man say at one time that it was a dignifying privilege to pay the tax of one's country. A man's tax money is his tribute to the common good of his state and people. There is dignity in paying that tribute; there is the opposite in defrauding the state of it.—Christian Advocate.

Some idea of the extent of the sugar beet industry can be gained by the fact that the Michigan sugar mills made in the month of January, alone, 80,106,112 pounds of best sugar. A single concern made 1,509,071 pounds of sugar. The state of California made 52,500 tons of best sugar last year. It seems to us that the south ought to have a large share in this important and growing industry. Sugar beets can be successfully grown in many sections of the south, and there is money in it.—Ex.

Remarkable Cure of Rheumatism. KENNA, Jackson Co., W. Va. About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddox insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A. B. PARSONS. For sale by The F. W. Hall Mfg. Co.

One session of the legislature every two years for Georgia is enough. They cost about \$100,000 every year and every other year is enough to hold the session. Tax payers have this expense to bear and the citizen is opposed to burdening them any more.—Dalton Citizen.

The Best in the World. We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, but Chamberlain's Cough Remedy in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Henry Andersonville, Ind. For sale by The F. W. Hall Mfg. Co.

A writer in the New York Press boils down a lot of good advice in the following nine striking antitheses: "Drink less, breathe more; eat less, chew more; ride less, walk more; clothe less, save more; write less, read more; talk less, think more; preach less, practice more."

ADMINISTRATOR'S SALE.

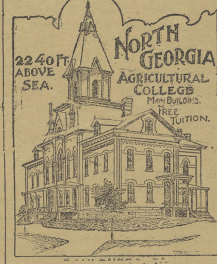

Yonmans & Demmond, Auctioneers. Under and by virtue of an order of the court of Ordinary of Chatam County, I will sell at public outcry between the legal hours of sale on the first Tuesday (being the first day) of May, 1900, before the court house door of Chatam County, Wild Land Lot No. 38, 11th District, 1st Section, Cherokee County, now Union Counties, containing 40 acres, more or less. Sold as the property of Estate of L. N. Falligan for payment of debts and distribution. Terms cash. Purchaser paying for title.

JOHN S. SCHILY, Administrator of Estate of L. N. Falligan.

SHERIFF'S SALES.

Georgia—Lumpkin County. Will be sold, on the first Tuesday in May next, at public outcry, at the court house in and county, within the legal hours, of sale, to the highest bidder for cash, the following property to-wit: Lot of land No. 1610, and 1-4th of 1617, both in the 11th district and 1st section of Lumpkin County, Georgia. Leveled on as the property of J. L. Heaton to satisfy a debt, issued from the Justice Court of the 232nd District, C. M., in favor of D. L. Mauldin vs. J. L. Heaton, principal, and D. L. Mauldin, security. Said land was returned to me by W. T. Ward, L. C. This April 4, 1900.

J. L. DAVIS, Sheriff.

A college education for the people of all ages. Adm. \$10.00. Tuition, \$10.00. Board, \$10.00. Laundry, \$10.00. Medical, \$10.00. Religious, \$10.00. Total, \$50.00. Send for catalogue to the President, North Georgia Agricultural College, Dalton, Ga.

How to Obtain a Patent. For a full and complete description of the process of obtaining a patent, and for a full and complete description of the process of obtaining a patent, send for catalogue to the President, North Georgia Agricultural College, Dalton, Ga.

SALE OF COUNTY PROPERTY.

GEORGIA—Lumpkin County. Will be sold before the court house door in the city of Dahlonega, Lumpkin County, Ga., within the legal hours of sale for cash, on the first Tuesday in May 1900 the following property to-wit: Town lot in the city of Dahlonega, said county numbered one hundred and twenty-eight (128) according to the original survey of said city and being part of land lot numbered nine hundred and fifty (950) in the 11th district and 1st section of said county of Lumpkin containing one hundred and twenty-eight (128) acres, more or less, said land is owned by said Lumpkin county, and the same will be sold by virtue of an order passed by the Ordinary of said county on the 10th day of March 1900. Under the terms of said order Stephen Rice, W. H. McAdams and W. J. Worley were appointed Commissioners to make title to said property and they will execute deed to purchaser to said property. This April 4th 1900. STEPHEN RICE, W. H. McADAMS, W. J. WORLEY, Commissioners.

By virtue of an order of the Court of Ordinary of said county, will be sold at public outcry, on the first Tuesday in May 1900, at the Court house in said county, between the legal hours of sale, to the highest bidder, the following real estate situated in the county of Lumpkin, State of Georgia, to-wit: Lot of land No. 1284, one hundred and thirty-three (133) acres, more or less, (11) one hundred and eleven, (178) one hundred and seventy-eight, the west half of (109) one hundred and seventy-nine containing twenty acres, more or less, (10) ten acres more or less of lot No. 1284, one hundred and eighty-four and being all of said lot lying east of the top of Denning Ridge and being all of said lot and bounded on the east south and west by the original lot lines and on the north by the land of David S. Jernall. Each of said lots containing forty acres more or less. Terms cash. This April 3rd 1900. DAVID N. JARRARD, Executor of last will of John C. Jarrard.
